(Office of the Chief Controller of Imports & Exports)

New Delhi, the 15th December, 1986

ORDER

S.O. 4255.—M/s. AVN. Tubes Ltd., Panchanan, 2nd Floor, Malvia Nagar, Bhopal were granted an import licence No. II/CG/2041592/S/IF/99/H/85/CGII/LS dated 17-4-86 for Rs. 36,00,000 (rupees thirty six lakhs only) for import of one No. H.F. Tube Mill and one No. Tube Straightenings under loan from IDBI.

The firm has applied for issue of Duplicate copy of Customs purposes copy of the above mentioned licence on the ground that the original Customs purposes copy of the licence has been lost or misplaced. It has further been stated that the Customs purposes copy of the licence was not registered with any Customs Authority and as such the value of Customs Purposes copy has not been utilised at all.

2. In support of their contention, the licensee has filed an affidavit on stamped paper duly sworn in before a notary Public, Indore. I am accordingly satisfied that the original Customs Purposes copy of import licence No. I/CG/2041592 dated 17-4-86 has been lost or misplaced by the firm. In exercise of the powers conferred under sub-clause 9(cc) of the Import (Control) Order, 1955 dated 7-12-1955 as amended the said original Customs purposes copy No. I/CG/2041592 dt. 17-4-86 issued to M/s. AVN Tubes Ltd., Bhopal is hereby cancelled.

3. A duplicate Customs purposes copy of the said licence is being issued to the party separately.

ORDER

S.O. 4256.—Mr. Krishan Lal Kumar, 6/41, Jangpura-B, New Delhi, was granted a Customs Clearance Permit No. P/J/0393803 dated 14-10-82 for Rs. 47,800 only for import of one Toyota Corona Car. The applicant has stated that Customs Clearance Permit has been misplaced/lost. It has further been stated that the above mentioned Customs Clearance Permit was not registered with any Customs Authority and such the value of the CCP has not been utilised at all. The above said CCP was issued with the validity period of the six months and the same is not valid at present.

2. In support of his contention, the licensee has filed an affidavit duly sworn before appropriate judicial authority. I am accordingly satisfied that the CCP No. P/J/039803 dated 14-10-82 has been lost by the applicant. In exercise of the powers conferred under Sub-Clause 9(cc) of the Import (Control) Order, 1955 dated 7-12-85 as amended from time to time, the said original CCP No. P/J/039803 dated 14-10-82 issued to Mr. Krishan Lal Kumar is hereby cancelled.

New Delhi, the 15th December, 1986

S.O. 4259.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum from DAHEJ to PALEJ in Gujarat State pipeline should be laid by the Oil & Natural Gas Commission;

And whereas it appears that for the purpose of laying such pipeline, it is necessary to acquire the right of user in the land described in the schedule annexed hereto;

Now, therefore, in exercise of the powers conferred by sub-section (1) of the Section 3 of the Petroleum and Minerals Pipelines (Acquisition of Right of user in the Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein:

Provided that any Person interested in the said land may, within 21 days from the date of this notification, object to the laying of the Pipeline under the land to the Competent Authority, Oil & Natural Gas Commission, Construction & Maintenance Division, Makarpura Road, Vadodara. (390009);

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by legal Practitioner.

का. भा. 4263.—यहां केन्द्रीय सरकार को यह प्रतीत होता है कि लोकहित में यह आवश्यक है कि गुजरात राज्य में दहेज से पालेज तक पेट्रोलियम के परिवहन के लिये पाइपलाइन लेन तथा प्राकृतिक गैस आयोग द्वारा बिछाई जानी चाहिए।

और यहाँ यह प्रतीत होता है कि ऐसी लाइनों को बिछाने के प्रयोजन के लिये एनदुपाय अनुसूचि में वर्णित भूमि में उपयोग का अधिकार अर्जित करना आवश्यक है।

अतः अब पेट्रोलियम और खनिज पाइपलाइन (भूमि में उपयोग के अधिकार का अर्जन) अधिनियम, 1962 (1962 का 50) की धारा 3 की उपधारा (1) द्वारा प्रदत्त शक्तियों का प्रयोग करते हुए केन्द्रीय सरकार ने उसमें उपयोग का अधिकार अर्जित करने का अपना आशय एतद्वारा घोषित किया है:

बशर्त कि उक्त भूमि में हितबद्ध कोई व्यक्ति, उस भूमि के नीचे पाइपलाइन बिछाने के लिए आक्षेप सक्षम प्राधिकारी लेन तथा प्राकृतिक गैस आयोग, निर्माण और देखभाल प्रभाग, मकरपुरा रोड, वडोदा-9 को इस अधिसूचना की तारीख से 21 दिनों के भीतर कर सकेगा।

और ऐसा आक्षेप करने वाला हर व्यक्ति लिखितरूप से यह भी बयान करेगा कि क्या वह यह चाहता है कि उसकी सुनवाई व्यक्तिगत रूप से हो या जिस विधि व्यवसायी की मार्फत।

[सं. O-12016/224/86-ओएनजी-सी 4]

S.O. 4263.—Whereas it appears to the Central Government that it is necessary in the public interest that for the transport of petroleum from DAHEJ to PALAJ in Gujarat State pipeline should be laid by the Oil & Natural Gas Commission.

And whereas it appears that for the purpose of laying such pipeline, it is necessary to acquire the right of user in the land described in the schedule annexed hereto.

Now, therefore, in exercise of the powers conferred by sub-section (1) of the Section 3 of the Petroleum and Minerals Pipelines (Acquisition of right of user in the Land) Act, 1962 (50 of 1962), the Central Government hereby declares its intention to acquire the right of user therein:

Provided that any Person interested in the said land may, within 21 days from the date of this notification, object to the laying of the Pipeline under the land to the Competent Authority, Oil & Natural Gas Commission, Construction & Maintenance Division, Makarpura Road, Vadodara. (390009).

And every person making such an objection shall also state specifically whether he wishes to be heard in person or by legal Practitioner.

CORRIGENDUM

S.O. 4266.—In the Notification of Government of India, Ministry of Petroleum, Chemicals & Fertilizers' (Department of Petroleum) No. 12016/42/82-Prod-I dated 4th September, 1982 published under S.O. 3096 in the Gazette of India, Part II, Section 3, Sub-Section (II) at page 3139 & 3140 issued under Section 3 Sub-Section (i) of the Petroleum & Minerals Pipe Lines (Acquisition of Right of User in Land) Act, 1962 in respect of villages—(1) Takwe Ko (2) Nane

(3) Khadkale for S. Nos. and areas shown in the Column No. 1 of the Schedule appended to this corrigendum, read and S. Nos. and areas as shown in column No. 2 of the said schedule.

Lands mentioned in the Part II of the appended schedule, however do not come under the Pipe Line Project due to change in the alignment and therefore, they are deleted from the schedule—appended to the Notification under section 3 Sub-Section (i) referred to above.

INDIAN STANDARDS INSTITUTION

New Delhi, the 9th December, 1986

S.O. 4177.—In pursuance of regulation 4 of the Indian Standards Institution (Certification Marks) Regulations, 1955, the Indian Standards Institution, hereby, notifies that amendment(s) to the Indian Standard(s) given in the schedule hereto annexed, have been issued under the powers conferred by the sub-regulation(1) of Regulation 3 of the said Regulations.

THE SCHEDULE

Sl. No. and title of the Indian Standard No. amended	No. and Date of Gazette Notification in which the establishment of the Indian Standard was notified	No. and Date of the amendment	Brief Particulars of the Amendment	Date from which the amendment shall have effect
(1)	(2)	(3)	(4)	(5)
1. IS: 189—1977 Specification for tamarind kernel powder for use in cotton and jute textile industries (second revision)	S.O. 2118 dated 9 Aug 1980	No. 2 Oct 1983	This amendment is issued to confirm the values of viscosity which were given in the standard on tentative basis. The requirements of protein and fat content are being deleted, because they are considered on non-functional requirements, when TKP is used in the textile industry.	1983-10-31
2. IS: 259—1969 Specification for ammonium alum (first revision)	S.O. 3728 dated 13 Sep 1969	No. 1 Oct 1983	(Page 5, Table 1, Col 4, subheading)—Substitute 'PURE' for 'pure'.	1983-10-31
3. IS: 367—1969 Specification for disodium phosphate, anhydrous (first revision)	S.O. 4959 dated 20 Dec 1969	No. 1 Oct 1983	Table 1 at page 5 has been amended	1983-10-31
4. IS: 571—1969 Specification for monosodium phosphate (first revision)	-do-	No. 1 Oct 1983	(Page 12, clause A-11 1, first line)—Substitute '100 ml' for '1 000 ml'.	1983-10-31
5. IS: 585—1962 Voltages and frequency for ac transmission and distribution systems (revised)	S.O. 1998 dated 30 June 1962	No. 5 Nov 1983	This amendment is being brought out recognizing the need to standardize values of preferred voltages for dc systems. These systems are basically derived from the existing medium voltage and low voltage ac systems, intended to serve as the source of power for dc drives and coils of switchgear and control gear equipment at the Plant level.	1983-11-30
6. IS: 656—1975 Specification for logs for plywood (second revision)	S.O. 313 dated 27 Jan 1979	No. 1 Dec 1983	(Page 5, clause 4.3.3, formula)—Substitute the following for the existing formula : $V = (C/4)^2 \times L$	1983-12-31
7. IS: 879—1981 Specification for sodium nitrate (first revision)	—	No. 1 Dec 1983	(i) Tables 2 and 3 have been amended (ii) (Page 17, clause B-5.1, line 2), Substitute '(R)' for '(R)'.	1983-12-31
8. IS: 950—1980 Functional requirements for water tender, type B for fire brigade use (second revision)	—	No. 1 Nov 1983	(i) (Page 4, foot-note with '+' mark) Substitute '(Second revision)' for '(revised)' (ii) Clauses 3.1(a), 3.1(b), 4.3.3, 4.5.1, 4.5.3, 4.5.3.1(c), 4.7.2 and 4.9.4 have been amended (iii) (Page 5, foot-note with '*' mark)—Substitute '(second revision)' for '(revised)'	1983-11-30

(1)	(2)	(3)	(4)	(5)	(6)
				(iv) Clause 4.3.1 has been substituted by a new one	
				(v) Existing item (b) and (c) of clause 4.8.3 has been substituted	
				(vi) (Page 13, Sl No. 5)—Substitute 'IS: 904—1983' for 'IS:904—1965'.	
				(vii) Existing foot-note with '††' mark (Page 13), with '†' mark with '‡' mark with '***' mark (Page 14), with '**' mark, with '§' mark (Page 15), with '**' mark and with '†' mark (Page 16) have been substituted by new ones	
				(viii) (Page 14, Sl No. 10, line 2)—Substitute 'IS: 905—1980†)' for 'IS: 905—1965†)'. (ix) [Page 14, Sl No. 11 (a)]—Substitute '(see IS: 5714—1981†)', for 'IS: 5714—1970†)'. (x) (Page 14, Sl No. 15)—Substitute '(see IS: 2871—1983**)' for '(see IS: 2871—1964**)'.	
				(xi) (Page 15, Sl No. 24, line 3)—Substitute '(See IS: 10245 (Part II)—1982*)' for '(see IS: 1910-1961*)'.	
				(xii) (Page 15, Sl No. 27, line 2)—Substitute '(see 2907—1983 §)' for '(see IS: 2097—1969 §)'. (xiii) (Page 16, Sl No. 41, line 2)—Substitute '(see IS: 6149—1971*)' for '(see IS: 6169—1971*)'. (xiv) (Page 16, Sl No. 44)—Substitute '(see IS: 927—1981†)', for '(see IS: 927—1964 †)'. (xv) [Page 12 clause 6.2.1(r)]—Add the following after 6.2.1(r): 's) Public address system'.	
9. IS: 1072—1980 Specification for leaf chains clevises and sheaves (first revision)	S.O.1059 dated 31 Mar 1984	No. 1 Oct 1983		(i) (Page 2, Table 1, last column, heading)—Substitute the following for the existing heading: 'Breaking load Min daN' (ii) (Page 3, Table 2, last column heading)—Substitute the following for the existing heading: 'R Max'	1983-10-31
10. IS:1246—1978 Specification for hand-loom cotton curtain cloth (first revision)	S.O.1728 dated 13 Jan 1981	No. 1 Dec 1983		[This amendment is intended to make reference to the latest version of the standards referred to in the specification.]	1983-12-31
11. IS: 1321 (Part I)—1982 Specification for sisal ropes Part I Untarred varieties (second revision)		No. 1 Nov 1983		(i) Page 6, clause 5.5, informal table col 2, heading)—Substitute 'Tolerance (+)' for 'Tolerance (±)'. (ii) (Page 8, Table 1, col 4, against tolerance)—Delete (iii) (Page 13, clause A-1.2.1, line 6)—Substitute 'that' for 'without'.	1983-11-30

(1)	(2)	(3)	(4)	(5)	(6)
12. IS: 1513—1980 Specification for wooden pattern equipment for foundries (second revision)	—	No. 2 Dec 1983	(i) (Page 4, clause 3.2, line 2)—Substitute 'epoxy resin' for 'araldit'. (ii) (Page 10, Table 4, first col)—Substitute 'Taper, mm' for 'Taper'.	1983-12-31	
13. IS: 1667—1981 Specification for toffees (second revision)	—	No. 1 Oct 1983	(i) (Page 5, clause 3.1.1, Note)—Delete. (ii) [Page 5, clause 3.1.3(c)]—Substitute the following for the existing item (c), 'c)Cocoa'. [This amendment is intended to make reference to the latest version of the standards for test methods referred to in the specification.]	1983-10-31	
14. IS: 1686—1960 Specification for handloom silk bush shirt cloth, loom-state	S.O. 341 dated 11 Feb 1961	No. 1 Oct 1983	(i) Clauses 5.1, 7.1 and 13.2 have been substituted by new ones (ii) Clause 11.3.4 has been amended. (iii) Table 1 has been amended	1983-10-31	
15. IS: 1865—1974 Specification for iron castings with spheroidal or modular graphite (second revision)	S.O. 1892 dated 11 Jan 1977	No. 1 Oct 1983	Clauses 0.3, 2.2.5, 2.2.6, 2.2.7, 2.2.8 and 2.2.9 have been amended	1983-12-31	
16. IS: 2323—1983 Specification for mustard, whole and ground (first revision)	—	No. 3 Oct 1983	(i) Clauses 2.2, 2.3.2, 3.2, 3.3.2 and 5.3.5 have been substituted by new ones (ii) Existing note of Table 1 has been substituted by a new one. (iii) (Page 6, Fig. 1)—Delete (iv) (Page 8, clause 2.6 Note 1, last sentence)—Delete. (v) Existing note 2 of clause 2.6 has been substituted by a new one (vi) Clause 5.3.4.1 has been amended (vii) (Page 7, clause 2.3.3)—Add the following at the end of the clause: ' (see Note given in Table 1) '	1983-10-31	
17. IS: 2386 (Part IV)—1963 Methods of test for aggregates for concrete Part IV Mechanical properties	S.O. 1840 dated 30 May 1964	No. 1 Nov 1983	(i) (Page 4, clause 0.4, last sentence)—Substitute the following for the existing sentence: 'Reference may be made to IS : 2455—1974* and IS: 8745—1978† for these aspects.' (ii) New foot-note with '*' and '†' marks have been added after clause 3.1	1983-11-30	
18. IS: 2408—1963 Methods of static tests of timbers in structural sizes	S.O. 2877 dated 12 Oct 1963	No. 1 Nov 1983	(Page 5, clause 2.2.2)—Add the following new Note after 2.2.2: 'NOTE—In case the value of the solubility is more than 2 per cent the test be repeated with 50-ml of distilled water.' (Page 6, Appendix A)—Delete.	1983-11-30	
19. IS: 2720 (Part XXI)—1977 Methods of test for soils Part XXI Determination of total soluble solids (first revision)	S.O. 3170 dated 15 Nov 1980	No. 1 Nov 1983	(i) [Page 11, clause 10.1.2 (d)]—Substitute the following for the existing item (d) and renumber item (e) and (f) as (f) and (g): '(d) Insulation resistance dry test (see 10.8.2.1). (e) High voltage test (see 10.8.3).' (ii) Page 11, clause 10.1.3.1)—Delete. (iii) Clauses C-1.2 and C-2.1 have been amended (iv) New Note has been added after clauses 10.8.2.2 and 10.12	1983-10-31	
20. IS: 3029—1964 Specification for castor seed cake for fertilizer purposes	S.O. 2729 dated 4 Sep 1965	No. 1 Oct 1983			
21. IS: 3323—1980 Specification for BI-Pin lampholders for tubular fluorescent lamps (first revision)	S.O. 219 dated 21 Jan 1984	No. 1 Nov 1983			

(1)	(2)	(3)	(4)	(5)	(6)
22. IS: 3443—1980	Specification for crane rail sections (first revision)	No. 1 Oct 1983	(i) (Page 11, Fig. 3, Dimension).. Substitute '13.89' for '19.89' and '20.64' for '2.84'. (ii) (Page 11, Fig. 4, dimension).. Substitute 'R8' for 'R23.8'	1983-10-31
23. IS: 4191—1967	Specification for leather for volleyball	S.O. 1720 dated 18 May 1968	No. 1 Dec 1983	[Page 5, Table 1, SI No. (i) col 3 and 4] Substitute '1.5' for '1.7'.	1983-12-31

S.O. 4276.—In pursuance of Sub rule (2) of rule 3 and Sub-regulations (2) and (3) of regulation 3 of Indian Standards Institution (Certification Marks) Rules and Regulations, 1955, the Indian Standards Institution hereby notifies that the Indian Standard(s), particulars of which are given in the Schedule hereto annexed, have been established on 1984-04-30:

THE SCHEDULE

Sl. No. and Title of the Indian Standards Established	No. and Title of the Indian Standard or standards, if any, superseded by the new Indian Standards.	Remarks, if any
(1)	(2)	(3)
*1. IS:416-1983 Specification for hockey balls (Third Revision)	IS:461-1978 Specification for cricket and hockey balls (Second Revision)	Established on 1984-03-31 *For purposes of ISI Certification Marks Scheme; IS:416-1983 shall come into force with effect from 1984-10-01
2. IS:1084-1984 Specification for Manila ropes (Third Revision)	IS:1084-1968 Specification for Manila ropes (Second Revision)	---
3. IS:1103-1948 Specification for brushes, artists' (Third Revision)	IS:1103-1971 Specification for brushes, artists' (Second Revision)	---
4. IS:1104-1984 Specification for brushes, lettering (Second Revision)	IS:1104-1968, Specification for brushes, lettering (First Revision)	---
5. *IS:1392-1983 Specification for glass milk bottles (Third Revision)	IS:1392-1971 Specification for glass milk bottles (Second Revision)	*For purposes of ISI Certification Marks Scheme; IS:1392 1983 shall come into force with effect from 1984-10-16
6. IS:1978-1982 Specification for line pipe (Second Revision)	IS:1978-1971 Specification for line pipe (First Revision)	---

(1)	(2)	(3)	(4)
7. IS:2223-1983 Dimensions of Flange mounted AC induction motors (Second Revision)	IS:2223-1971 Dimensions of flange mounted AC induction motors (First Revision)		
8. IS:2720(Part I)—1933 Methods of test for soils Part I Preparation of dry soil samples for various tests. (Second Revision)	IS:2720 (Part I)—1972 Methods of test for soils; Part I Preparation of dry soil samples for various test. (First Revision)		
9. IS:2720 (Part 14)—1983 Methods of test for soils Part 14 Determination of density index (relative density) of cohesionless soils (First Revision)	IS:2720 (Part XIV)—1968 Methods of test for soils; Part XIV Determination of density index (relative density) of cohesionless soils.		
10. *IS:3196-1982 Specification for welded low carbon steel gas cylinder exceeding 5-litre water capacity for low pressure liquefiable gases (Third Revision)	IS:3196-1974 Specification for welded low carbon steel gas cylinder exceeding 5-litre water capacity for low pressure liquefiable gasses (Second Revision)		Established on 1982-09-03 *For purposes of ISI Certification Marks Scheme; IS:3196-1982 shall come into force with effect from 1984-07-16
11. IS:3314-1984 Specification for steel clothes lockers (Second Revision)	IS:3314-1986 Specification for metal clothes lockers. (First Revision)		
12. IS:3400(Part 6)—1983 Methods of test for vulcanized rubbers; Part 6 Resistance to liquids (First Revision)	IS:3400(Part VI)—1967 Methods of test for vulcanized rubbers; Part VI Resistance to liquids		
13. IS:3435-1983 Specification for plain and master setting ring gages (size range from 1 mm up to and including 315 mm) (Second Revision)	IS:3485-1972 Specification for 'GO' plain ring gages (size range 1 to 315 mm) (First Revision)		
14. IS:3600(Part 3)—1984 Method of testing fusion welded joints and weld metal in steel; Part 3 Transverse tensile test on butt welds. (Second Revision)	IS:3600 (Part I)—1973 Code of procedure for testing of fusion welded joints and weld metal joints and weld metal in steel; Part I General tests (First Revision)		
15. IS:3600 (Part 4) 1984 Method of testing fusion welded joints and weld metal in steel; Part 4 longitudinal tensile test on cylindrical all weld metal test pieces using butt joints. (Second Revision)	-do-		
16. IS:3734-1983 Dimensions for worm gearing (First Revision)	IS:3734-1966 Dimensions for worm gearing		
17. IS:3923-1983 Specification for leg guards for cricket batsmen and wicket keepers (First Revision)	IS:3923-1966 Specification for leg guards for cricket batsmen, wicket keepers and hockey goal keepers		
18. IS:4307-1983 Specification for fish meal as livestock feed ingredient (Second Revision)	IS:4307-1973 Specification for fish meal as livestock feed (First Revision)		
19. IS:4410 (Part 6)—1983 Glossary of terms relating to river valley projects; Part 6 Reservoirs. (First Revision)	IS:4410 (Part VI)—1968 Glossary of terms relating to river valley projects; Part VI Reservoirs.		
20. IS:4493 (Part 7)—1933 Specification for hollow metallic waveguides; Part 7 Circular Wave guide.			
21. IS:5329-1983 Code of practice for sanitary pipe work above ground for buildings (First Revision)	IS:5329-1969 Code of practice for sanitary pipe work above ground for buildings.		
22. IS:6459-1984 Method of tumbler test for iron oxides; lump ores, sinter and pellets (First Revision)	IS:6459-1972 Method of tumbler test for pellets, sinters and sized iron ores.		
23. IS:7076-1983 Specification for metal book ends (First Revision)	IS:7076-1973 Specification for metal book ends		

(1)	(2)	(3)	(4)
24. IS:7030 (Part 2)—1983 Specification for MTP sunction apparatus; Part 2 Electric-cum-manual			Established on 1984-03-31
25. IS: 7698-1983 Specification for returnable wooden creats for vegetables (First Revision)	IS:7698-1975 Specification for returnable wooden creats for vegetables.		
26. IS:7761-1983 Specification for steel book cases. (First Revision)	IS:7761-1975 Specification for steel book cases		
27. IS:8871(Part4/Sec 2)—1983 Specification for variable resistors; Part 4 Presents; Section 2 Type VRT 2P			
28. IS:9885 (Part 2)—1982 Specification for protective boots for oil field workmen; Part 2 Rubber upper boots			
29. IS:10106 (Part 2/Sec. 2)—1983 Packaging code; Part 2 Packaging materials Section 2 Paper and Paper Board.			
30. IS:10497-1983 Specification for feed water, boiler water and condensate for high pressure boilers.			
31. IS:10694 (Part 4)—1983 General requirements for rims for automotive vehicles; Part 4 Scooter and Scooter derivative rims.			
32. IS:10694 (Part 7)—1983 General requirements for rims for automotive vehicles; Part 7 Industrial truck rims.			
33. IS:10746(Part 1)—1983 Specification for shell and tube type marine heat exchangers Part 1 Application standard.			
34. IS:10751-1983 Criteria for design of guide banks for alluvial rivers.			
35. IS:10767 (Part 2)—1983 Specification for an interface system for programmable measuring instruments by the serial, bit parallel; parts 2 Code and format conventions			
36. IS:10774-1983 Specification for corrosion resis and high alloy steel and nickel base investment castings for general applications.			
37. IS:10777-1983 Proforma for analysis of unit rate of rock excavation by mechanical means			
38. IS:10790(Part 1)—1984 Methods of sampling of steel for prestressed and reinforced concrete; Part 1 Prestressing steel			
39. IS:10790 (Part 2)—1984 Methods of sampling of steel for prestressed and reinforced concrete; Part 2 Reinforcing steel.			
40. IS:10793-1983 Classification of imperfections in metallic fusion welds, with explanations.			
41. IS:10795-1984 Specification for accessories for use in shuttles for pirn-changing automatic cotton looms			
42. IS:10802-1984 Method for determination of radius of throw of agricultural sprinklers.			

(1)	(2)	(3)	(4)
43. IS:10803-1984 Method of sampling and preparation of weld pad for chemical analysis of weld metal from covered electrodes for manual metal arc welding	---	---	---
44. IS:10804-1984 Recommended pumping systems for agricultural purposes.	---	---	---
45. IS:10805-1984 Specification for foot valves for centrifugal pumps for agricultural purposes.	---	---	---
46. IS:10806-1984 Specification for trailers for power tillers.	---	---	---
47. IS:10809-1984 Specification for hydraulic rams	---	---	---
48. IS:10812-1984 Classification of sponge iron/direct reduced iron (DRI) for steel making in electric arc furnaces	---	---	---
49. IS:10184-1984 Method for sampling green coffee in bags.	---	---	---

Copies of these Indian Standards are available for sale with the Indian Standards Institution, Manak Bhavan, 9 Bahadur Shah Zafar Marg, New Delhi-110002 and from its Regional Offices: Bombay-400007, Calcutta-700072, Madras-600113 and Mohali-160051 and also from its branch offices at Ahmedabad-380001, Bangalore-560002, Bhopal-462003, Bhubaneswar-751014, Hyderabad 500001, Jaipur-302005, Kanpur-208005, Patna-800013 and Trivandrum-695001.

S.O. 4277.—In pursuance of Sub-rule (2) of Rule 3 and Sub-regulations (2) and (3) of regulation 3 of Indian Standards Institution (Certification Marks) Rules and Regulations, 1955, the Indian Standards Institution hereby notifies that the Indian Standard(s) particulars of which are given in the Schedule hereto annexed, have been established on 1984-05-31 :

THE SCHEDULE

Sl. No. and Title of the Indian Standards Established	No. and Title of the Indian Standard or Standards if any, superseded by the new Indian Standard	Remarks, if any
1	2	3
1. IS : 326 (Pt 15)—1984 Methods of sampling and test for natural and synthetic perfumery materials : Part 15 Detection of petroleum and mineral oils (second revision)	IS : 326—1968 Methods of sampling and test for natural and synthetic perfumery materials (first revision)	---

1	2	3	4
2.	IS : 1090—1983 Specification for compressed hydrogen (second revision)	IS : 1090—1965 Specification for compressed hydrogen (revised)	
3.	IS : 1172—1983 Code of basic requirements for water supply, drainage and sanitation (third revision)	IS : 1172—1971 Code of basic requirements for water supply, drainage and sanitation (second revision)	
4.	IS : 1448 (P:41)—1984 Methods of test for petroleum and its products; P : 41 Water and sediment in crude oils and fuel oils by centrifuge (second revision)	IS : 1448 (P : 41) —1967 Methods of test for petroleum and its products; P : 41 Water and sediment by centrifuge (first revision)	
5.	IS : 1448 (P : 59)—1984 Methods of Test for petroleum and its products; P : 59 Determination of mineral oil content in greases (first revision)	IS : 1448 (P : 59) —1964 Methods of test for petroleum and its products; P : 59 Mineral oil content in greases	
6.	IS : 1448 (P : 115)—1984 Methods of test for petroleum and its products; P : 115 Determination of salt content in crude petroleum and its products		
7.	IS : 1785 (Pt I)—1983 Specification for plain hard-drawn steel wire for prestressed concrete Part I Cold drawn stress-relieved wire	IS : 1785 (Pt I)—1966 Specification for plain hard drawn steel wire for prestressed concrete; Part I Cold drawn stress-relieved wire (revised)	*Established on 1983-06-30
8.	IS : 2062—1984 Specification for weldable structural steel (third-revision)	IS : 2062—1980 Specification for structural steel (fusion welding quality) (second-revision)	—
9.	IS : 2249—1984 Specification for adhesives (liquid) for leather-beltting (first revision)	IS : 2249—1963 Specification for adhesives (liquid) for leather beltings	—
10.	IS : 3600 (Pt 5)—1983 Method of testing fusion welded joints and weld metal in steel: Part 5 Transverse root and face bend test on butt welds (second revision)	IS : 3600 (Pt I)—1973 Code of procedure for testing of fusion welded joints and weld metal : Part I General tests.	—
11.	IS : 3600 (Pt 6)—1983 Method of testing fusion welded joints and weld metal in steel : Part 6 Transverse side bend test on butt welds (second revision)	-do-	—
12.	IS : 4086—1983 Specification for distributors for spark ignition engines (first revision)	IS : 4086—1967 Methods of test for distributors	—
13.	IS : 4098—1983 Specification for lime-pozzolana mixture (first revision)	IS : 4098—1967 Specification for lime-pozzolana mixture	Established on 1984-01-31
14.	IS : 4150—1984 Specification for potassium chloride, technical (second revision)	IS : 4150—1976 Specification for potassium chloride, technical (first revision)	—
15.	IS : 4317—1983 Specification for aluminium electrolytic capacitors with non-solid electrolyte (second revision)	IS : 4317 (Pt I)—1977 Specification for aluminium electrolytic capacitors with non-solid electrolyte : Part I General requirements and methods of tests (first revision)	—
16.	IS : 5271—1984 Specification for paraformaldehyde (first revision)	IS : 5271—1969 Specification for paraformaldehyde	—
17.	IS : 5573—1984 Specification for ethylene oxide (first revision)	IS : 5573—1969 Specification for ethylene oxide	—
18.	IS : 5670—1984 Specification for lead thiocyanate for explosive and pyrotechnic composition (first revision)	IS : 5670—1970 Specification for lead-thiocyanate for explosive and pyrotechnic compositions	—
19.	IS : 5864—1983 Methods for determination of DDT-residues in food commodities (first revision)	IS : 5864 (Pt I)—1970 Method for determination of DDT residues Part I Foodgrains and their milled products	Established on 1983-12-31
20.	IS : 8507 (Pt 3/Sec 2)—1982 Specification for fixed insulated, hermetically sealed tantalum capacitors with sealed electrolyte Part 3 Type FCST 2 Section 2 Non-Polar		

1	2	3	4
21. IS : 8543 (Pt 4/Sec 1)—1984 Methods of testing plastics Part 4 Short term mechanical properties Section 1 Determination of tensile properties	—		
22. IS : 9001 (Pt 15)—1984 Guidance for environmental testing : Part 15 acceleration (steady state) test	—		—
23. IS : 9537 (Pt 4)—1983 Specification for conduits for electrical installations Part 4 Pliable self-recovering conduits of insulating materials	—		---
24. IS : 10106 (Pt 4/Sec 2)—1984 Packaging code Part 4 Packages Section 2 Paper and paper based packages	—		--
25. IS : 10106 (Pt 4/Sec 3) - 1984 Packaging code Part 4 Packages Section 3 Plastics	--		---
26. IS : 10106 (Pt 4/Sec 4)—1984 Packaging code Part 4 Packages Section 4 Glass containers	--		---
27. IS : 10491—1983 Specification for muzzle loading shot guns, single and double barrel	--		Established on 1983-08-31
28. IS : 10587—1983 Terminology for screw threads	--		--
29. IS : 10663—1983 Specification for burs, dental	---		--
30. IS : 10648—1983 Code for identification of ring type needle bearings (including sealed bearings)	---		---
31. IS : 10661—1983 Specification for glass fibre reinforced polyester chemical resistant tanks	---		---
32. IS : 10694 (Pt 2)—1983 General requirements for rims for automotive vehicles : Part 2 Passenger car rims			
33. IS : 10713—1983 Scales for use on technical drawings	--		---
34. IS : 10715—1983 Presentation of threaded parts on technical drawings	---		
35. IS : 10722 (Pt)—1983 Graphical symbols for elements of kinematic diagrams, Part 1	--		--
36. IS : 10722 (pt 3)—1983 Graphical symbols for kinematic diagrams, Part 3	---		---
37. IS : 10732—1983 Purchaser's data sheet for gauge glasses for pressure vessels	---		---
38. IS : 10735—1983 25-Pin DTE/DCE interface connector and pin assignments for data communication	--		--
39. IS : 10736—1983 37-Pin and 9-Pin DTE/DCE interface connectors and pin assignments for data communication	--		--
40. IS : 10737—1983 15-Pin DTE/DCE interface connector and pin assignments for Data communication	--		--
41. IS : 10745 (Pt 2) - 1983 Specification for shell and tube type marine heat exchangers : Part 2 General requirements	--		--
42. IS : 10756 - 1983 Flow chart symbols and conventions for use in data processing	---		---

1	2	3	4
43.	IS : 10763—1983 Specification for frozen minced fish meat	—	—
44.	IS : 10773—1983 Specification for copper tubes for refrigeration purposes	—	—
45.	IS : 10778 (Pt 3)—1983 Specification for furrow opener for seed-cum-fertilizer drills : Part 3 Disc type	—	—
46.	IS : 10791—1983 Specification for control cable assembly for mopeds	—	—
47.	IS : 10799 (Pt I)—1984 Code for design and installation of trickle irrigation systems : Part 1 Pressure feed system	—	—
48.	IS : 10800—1983 Specification for cricket balls	—	—
49.	IS : 10807—1984 Specification for axles with brakes of trailer for power tillers	—	—
50.	IS : 10808—1984 Code of practice for installation operation and maintenance of hydraulic rams	—	—
51.	IS : 10813—1984 Specification for soap jelly for laundry purposes	—	—
52.	IS : 10815—1984 Code for practice for the application of adhesives in footwear industry	—	—
53.	IS : 10817—1984 Specification for bauxite for refractory industry	—	—
54.	IS : 10819—1984 Specification for chromite for refractory industry	—	—
55.	IS : 10822—1984 Dimensions of projection reels for 8-mm Type S motion-picture film	—	—
56.	IS : 10826—1984 Specification for pad saw	—	—
57.	IS : 10827—1984 Specification for roving punches	—	—
58.	IS : 10836 (Pt I)—1984 Specification for pliers, loop bending, dental, tweed's pattern : Part 1 Fixed beak, Type 1	—	—
59.	IS : 10839—1984 Specification for jewellers saw	—	—
60.	IS : 10841—1984 Specification for front brake control lever for scooters and motor-cycles	—	—
61.	IS : 10846—1984 Specification for speculum, nasal, killian's pattern	—	—
62.	IS : 10847—1984 Specification for speculum with screw adjustment, eye, right and left, Arruga's pattern	—	—
63.	IS : 10848—1984 Specification for irrigator anterior chamber, eye, bishop Marmann's pattern	—	—
64.	IS : 10849—1984 Specification for cystotome and curette, eye, Moorfield's pattern	—	—
65.	IS : 10868—1984 Data sheet for reverse/direct reduction gear box for fishing vessels	—	—

Copies of these Indian Standards are available for sale with the Indian Standards Institution, Manak Bhavan, 9 Bahadur Shah Zafar Marg, New Delhi-110002 and from Regional offices : Bombay-400007, Calcutta-700072, Madras-600013, S A S Nagar-100051 and also from its branch offices at Ahmedabad-380001, Bangalore-560002, Bhopal-462003, Bhubneshwar-751014, Hyderabad-500001, Jaipur-302005, Kanpur-208005, Patna-800013 and Trivendrum-695001.

MINISTRY OF LABOUR

New Delhi, the 16th December, 1986

S.O. 4283.—In pursuance of Section 17 of the Industrial Dispute Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal No. 2, Dhanbad as shown in the Annexure. in

the industrial dispute between the employers in relation to the management of Dhori (K) Colliery of M/s. Central Coalfields Ltd., PO Pichari, Distt, Giridih and their workmen, which was received by the Central Government on the 3rd December, 1986

ANNEXURE

BEFORE THE CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL (NO. 2) AT DHANBAD.

PRESENT:

Shri I.N. Sinha, Presiding Officer.

Reference No. 127 of 1986

In the matter of industrial disputes under Section 10(1) (d) of the I.D. Act., 1947.

PARTIES:

Employers in relation to the management of Dhori (K) Colliery of M/s. Central Coalfields Ltd. and their workmen.

APPEARANCES :

On behalf of the workmen : Shri J. P. Singh, Advocate.

On behalf of the employers. Shri R.S. Murthy, Advocate.

STATE :Bihar INDUSTRY : Coal.

Dhanbad, the 26th November, 1986

AWARD

The Govt. of India, Ministry of Labour in exercise of the powers conferred on them under Section 10 (1) (d) of the I.D. Act., 1947 has referred the following dispute to this Tribunal for adjudication vide their Order No. L-24012(116)/85-D. IV (B), dated the 3rd March, 1986.

SCHEDULE

"Whether the action of the management of Dhori (K) Colliery of M/s. C.C. Ltd., P.O. Pichari, Distt. Giridih in dismissing Sh. Punit Ram Rajak, Armed Guard of Dhori (K) Colliery is legal and justified? If not, to what relief the workman concerned is entitled?"

The case of the concerned workman Shri Punit Ram Rajak is that he was appointed as a Security Guard in the Central Coalfields Ltd. in 1974 and was promoted in 1981 to the post of Armed Guard. In September, 1981 he was transferred from Hazaribagh Area to Dhanbad (K) Area. The concerned workman along with Rajaram Sharma Security Guard were on duty at the magazine from 10 P.M. of 24-9-82, to 6.00 A.M. of 25-9-82. Shri Mandip Singh Security Guard was to take over charge as successor of the concerned workman and Rajaram Sharma at the magazine at 6 A.M. of 25-9-82. On 25-9-82 at 6.00 A.M. Mandip Singh took over charge of the magazine from the concerned workman and Shri Rajaram Sharma and this fact was entered in the register kept at the magazine for handing over and taking over of charge. On 25-9-82 at about 9 A.M. Mandip Singh had reported that a theft had taken place at the magazine. The management made a preliminary enquiry and issued chargesheets dated 14-10-82 against the concerned workman, Shri Rajaram Sharma and Mandip Singh. The charges against the concerned workman and Rajaram Sharma were substantially the same alleging that during their duty hours in the night between 24/25-9-82 there was a theft of explosive materials from the magazine due to their negligence and connivance. The charge against Mandip Singh was that on 25-9-82 while he was to be on duty from 6 A.M. to 2 P.M. at the magazine he did not check the magazine at the start of his shift and did not report immediately about the theft of the explosive materials which took place in the night of 24/25-9-82 which was due to his negligence and connivance. All of them were asked to show cause against chargesheets issued against them. After the security guards offered their explanation, the management ordered a domestic enquiry in to the charges framed against them and appointed Shri S.N.P. Rai, Dy. Personnel Manager (D), Dhori Area as enquiry officer. The concerned workman and the two other security guards participated in the enquiry. The enquiry officer found them guilty and thereafter they

were dismissed from service by different orders. The concerned workman Shri Punit Ram Rajak was dismissed by order dated 15-4-85. The concerned workman raised an industrial dispute under Section 2(a) of the I.D. Act by his letter dated 19-6-85 addressed to the ALC (C) Hazaribagh. The conciliation ended in failure and thereafter the present reference was made for adjudication. The enquiry report is completely perverse and against all canons of law because in his report the Enquiry Officer put a complete reliance on the statement of one of the accused Mandip Singh unsupported by corroborative evidence of any independent witness. There is evidence to indicate that the theft occurred between 5 A.M. and 7 A.M. of 25-9-82 and the said finding of the Enquiry Officer is wholly based on the statement of the co-accused Mandip Singh which should not have been used against the concerned workman as Mandip Singh who was also charge-sheeted was trying to save himself by shifting his responsibilities on the concerned workman and Rajaram Sharma. Mandip Singh introduced the story that he learnt from Shri Tewary at his gumti that the concerned workman and Rajaram Sharma had left the magazine duty at 5 A.M. and that Mandip Singh visited the magazine at 6.45 P.M. and found that the theft had taken place in magazine. The said Tewary of the Gumti has not come to depose in this case. The said statement is not corroborated by the entry made in the register of magazine duty in which making over and taking over of charge at 6.00 A.M. on 25-9-82 is entered. Mandip Singh made a subsequent entry in the said register in order to create an evidence to save himself by throwing the blame on the concerned workman and Rajaram Sharma who were on the duty immediately before the duty hours of Mandip Singh. The fact that Mandip Singh made a report of theft of explosive at 9 A.M. On 25-9-82 shows that Mandip Singh was manufacturing evidence for his defence. There is also vital discrepancy regarding the commission of theft. The shortage of explosive materials in the magazine would not necessarily mean that theft had, actually taken place during this duty hours of the concerned workman. It is submitted on behalf of the concerned workman that the charges levelled against him have not been established against him and as such the order of dismissal is bad and that the concerned workman should be reinstated in his original job with continuity of service and back wages.

The case of the management is that the concerned workman Punit Ram Rajak was employed as a Security Guard in Dhori (K) Colliery and he was never employed as Armed Guard. He was deputed for duty at the magazine of Dhori (K) Colliery in the night between 24/25-9-82 from 10 P.M. to 6 A.M. along with another Security Guard Shri Rajaram Sharma. The said magazine was being used by the management for the purpose of storage of explosive materials under the Explosive Act, the magazine has to be located at some distance from the colliery and human habitation for reasons of safety in the event mishap. It was reported to the management that during the shift hours of the concerned workman and Rajaram Sharma in the night between 24/25-9-82 there was a theft of explosive materials from the said magazine. The theft of the explosive materials had taken place during the shift duty hours of the concerned workman and Rajaram Sharma due to which the management suffered a heavy loss on account of the theft of explosive. There was further the danger of the stolen explosive being used by the anti social elements and extremists for subversive activities. The concerned workman was quite aware of his responsibilities at such a vital place like the explosive magazine. The management issued a chargesheet to the concerned workman and also Rajaram Sharma who was on duty along with the concerned workman in the night of 24/25-9-82. The watchman of the next shift namely Mandip Singh was also charged on certain lapses on his part. The concerned workman and two others submitted explanation to the charge-sheets issued to them and after considering their explanation by the Project Officer/Agent it was found that the explanation was not satisfactory and thereafter a detailed enquiry was order and Shri S.N.P. Rai, Dy. Chief Personnel Manager was appointed as an Enquiry Officer. The enquiry officer held the enquiry against the concerned workman and two others in which they all fully participated. The management's witnesses were examined in their presence and they were given full opportunity to cross-examine the management's witnesses which they availed. They

also gave their own statement. They were given opportunity to produce witnesses in their defence but they did not produce any defence witness. The enquiry was held by the enquiry officer in accordance with the principles of natural justice and all possible and reasonable opportunities were given to them to defend themselves. The enquiry officer found the concerned workman guilty of negligence of duty which was of a very serious nature. On the basis of the report submitted by the enquiry officer, the disciplinary authority came to the conclusion that the finding of the enquiry officer was correct and thereafter the concerned workman was dismissed from service along with two other persons whose enquiry also had jointly been made. The concerned workman was dismissed from service by the Project Officer/Agent Dhori (K) Colliery with effect from 15-4-85. The action taken by the management in dismissing the concerned workman from service is quite legal and justified taking into consideration the gravity of the misconduct committed by them.

The management had earlier made a prayer to decide the fairness or validity of the domestic enquiry as a preliminary issue and it was ordered that the preliminary issue whether the enquiry was fair proper and in accordance with the principles of natural justice be taken up first. On 15-10-85 Shri J.P. Singh, Advocate appearing for the concerned workman submitted that he does not dispute the fairness and propriety of the enquiry proceeding and that it may be held that the enquiry was fair and proper. Accordingly it was held that the domestic enquiry was fair proper and in accordance with the principles of natural justice and the case was set for hearing on merit on the materials already existing on the enquiry file.

The point for decision is whether the dismissal of the concerned workman is justified that is to say, the management has to establish whether the charge levelled against the concerned workman has been established or not.

The management examined four witnesses before the Enquiry Officer to prove the charges against the concerned workman, MW-1 is Chakrapani Ghosh, Security Sub-Inspector of Dhori (K) Colliery MW-2 is Shri Maldeo Bhar, Magazine Crk of Dhori, MW-3 Bijai Kumar Singh is Magazine Incharge Dhori (K) Colliery and MW-4 is Shri Sharwan Singh Explosive carrier Dhori (K) Colliery. It will appear from the evidence of MW-1 that the concerned workman and Rajaram Sharma had been allotted duty as a security guard from 10 P.M. of 21-9-82 to 6 A.M. of 25-9-82 and that Mandip Singh was to take over charge at 6 A.M. on 25-9-82 and was to continue as guard of the magazine till 2 P.M. Ext. ME-3 is the duty register of the Security Guards. It will appear from the said register that the concerned workman Punit Ram Rajak and Rajaram Sharma had been allotted duty in the magazine in the third shift from 10 P.M. to 6 A.M. in the week beginning 20-9-82 and ending on 26-9-82. It also shows that Mandip Singh was deputed to guard the magazine in the first shift from 6 A.M. to 2 P.M. All the three have signed the register showing that they were intimated of their duties. Ext. M-2 is the reply of the concerned workman Punit Ram Rajak to the chargesheet Ext. M-1 dated 14-10-82. It will appear that he was at his duty on 24/25-9-82. The concerned workman had given his statement before the enquiry officer and he state that he has nothing to say besides what he has stated in his reply to the chargesheet. From his cross-examination it appears that he has admitted that he was on the guard duty of the magazine from 10 P.M. of 24-9-82 to 6.00 A.M. on 25-9-82 along with the Rajaram Sharma and Mandip Singh was to take charge of the magazine from them at 6.00 A.M. on 25-9-82. It is clear therefore that the concerned workman was on duty along with Rajaram Sharma from 10 P.M. of 24-9-82 to 6.00 A.M. of 25-9-82.

The fact of theft of explosive materials from the magazine at Dhori(K) Colliery is not disputed. The fact dispute is that the theft of explosive materials did not take place during the duty hours of the concerned workman. Admittedly no body had seen the actual theft committed but it will appear from the evidence of MW-1, 2, 3 and 4 that the lock of the magazine and the window and some other locks were found broken in the morning of 25-9-82. MW-4 was the first man out of the witnesses who had arrived at the magazine at 8.15 A.M. on 25-9-82 and he found the

lock of the magazine broken and did not find any security guard at that place. After seeing the lock broken while he was returning he met MW-2 Baldeo Bhar, Magazine Clerk in the way to whom he narrated about the fact. He returned back along with Baldeo Bhar to the magazine and thereafter Baldeo Bhar went to inform about the incident to the Project Officer, MW-2 Baldeo Bhar has stated that on 25-9-82 at about 8.30 A.M. when he arrived at the magazine he found explosive carrier MW-4 Sarwan Singh. He also found the lock of the magazine broken and he felt that theft has taken place in the magazine. He also did not find any security guard in the magazine at that time. MW-2 returned to his office and informed the magazine incharge MW-3 B. K. Singh. MW-3 B. K. Singh has stated that at about 9.00 A.M. on 25-9-82 magazine clerk Baldeo Bhar came to the office and informed him of the theft and the breaking of the locks of the magazine. MW-3 also went to the magazine. He has stated that the stock of the magazine was verified physically and it was found that the electric detonators numbering 1618, ordinary detonators numbering 2000, safety fuse 16 coils and unizex-G numbering 35 cartridges are missing from the magazine. He also found the locks of the chamber of detonators, room containing explosive and the lock of the window broken. MW-1 has also stated that the stock was physically verified with reference to the stock register and issue register and a list of the stolen explosive with its price was given to the police ME-1 is the information which was lodged by the colliery manager Birendra Pd. Verma, to the officer Incharge Bermo Police Station dated 25-9-82. MW-II is the letter dated 25-9-82 addressed to the Officer Incharge of the Bermo Police Station sent by Shri Birendra Pd. Verma in continuation of his FIR giving the list of explosive materials stolen from the magazine in the night of 24/25-9-82. Ext. ME-V is the physical verification report of Dhori Magazine on 25-9-82. It will thus appear from the above evidence that a large number of explosive materials was found short in the magazine on physical verification on 25-9-82. There is no evidence to the effect that the lock of the magazine had earlier been found broken and materials stolen prior to 25-9-82. Thus it can be said that the explosive material which were found missing from the magazine had been stolen on 24/25-9-82. The fact that the theft of explosive took place in the night of 24/25-9-82 is supported by the fact that the lock of the magazine along with locks of some other rooms were found broken and explosive materials were found missing. I hold therefore that theft took place sometimes on 24/25-9-82.

It will appear that the concerned workman and Rajaram Sharma had their duty from 10 P.M. on 24-9-82 to 6.00 A.M. on 25-9-82. Now there is conflict between the case of the concerned workman and the defence taken by Mandip Singh regarding the theft of the explosive material. According to the concerned workman, Mandip Singh had taken charge of the magazine from him at 6.00 A.M. on 25-9-82 and that at that time magazine was in tact and that the theft of explosive materials took place sometimes after 6 A.M. during the duty hours of Mandip Singh. The case of Mandip Singh, on the other hand is, that the concerned workman and Rajaram Sharma had left their duty at 5 A.M. of 25-9-82 although they had their duty hours till 6 A.M. and that when Mandip Singh went and saw the magazine he found the locks broken and as such the theft had taken place during duty hours of the concerned workman and Rajaram Sharma. I have already stated above that there is no witness to say the time as to when the theft of explosive materials took place from the magazine. The matter has to be examined with reference to the facts and circumstances of the case.

It will appear that a preliminary enquiry had been made regarding the theft of explosives from the magazine on 25-9-82 when it was found that the explosive materials had been stolen from the magazine after breaking open the locks. During the preliminary enquiry statement had been recorded. The statement of the concerned workman Punit Ram Rajak is marked as MF-VI. Punit Ram Rajak, the concerned workman, had given his statement before the enquiry officer and he was cross-examined by the management's representative. The management's representative had asked

in the cross-examination whether the concerned workman had earlier given any statement before the management regarding the occurrence of 24/25-9-82 to which the concerned workman replied in the affirmative. The concerned workman further stated that he had given true statement at that time. On being further cross-examined he stated that he had signed the said earlier statement without understanding it. In ME-VI the concerned workman had stated that he had taken charge of the magazine at 10 P.M. on 24-9-82. He has stated that at about 4 A.M. he went to ease and thereafter he again came back at the magazine. He has stated that at about 5.30 A.M. he made entries in the register about his duty and after signing along with Rajaram Sharma he left the magazine at 6 A.M. after keeping the register of charge in the guard room (Gumti). It will further appear from the statement of the concerned workman that the charge of handing over and taking over of the magazine is given in presence of the Security Guard of both the shifts. It will appear further from his statement that the security guard who was to succeed him had not arrived at the time he had left magazine. It is clear therefore that the concerned workman had left the magazine unguarded without waiting for Mandip Singh who was to succeed as a Guard in the magazine at 6 A.M. on 25-9-82. Admittedly the duty hours of the concerned workman was till 6 A.M. and he did not stay after his duty hours although it appears from his own statement that they were required to wait and see for about 1½ an hour for the security personnel who has to take over charge. It will also appear from his statement that the concerned workman did not inform the authorities about the fact that Mandip Singh did not turn up for taking the charge. Rajaram Sharma had also given his statement which is marked Ext. ME-VII. It will appear from his statement in ME-VII that nobody came to take charge of the magazine at the end of his shift and therefore he left the place. It will also appear that Rajaram Sharma had left the place at 5 A.M. asking the concerned workman to wait. It appears therefore that the concerned workman and Rajaram Sharma had left their duty at the magazine sometime prior to their time of duty and that Mandip Singh who had to take over charge from them had not arrived at the time when they had left magazine. The statement of the concerned workman and Rajaram Sharma in Ext. ME-VI and ME-VII was taken on 25-9-82 just on the date when the theft was detected and that being their earliest statement, I see no reason to doubt what had been stated by them in their statement. There is nothing to show that the said statement were wrongly recorded and there was any reason for writing an incorrect statement. The concerned workman and Rajaram Sharma have noted on Ext. ME-VI and VII that the statement was correctly given by them and that they had signed it after understanding the same. It appears therefore that the earlier statement given by the concerned workman had correctly been recorded and that the concerned workman was not correctly stating before the enquiry officer that he had handed over charge to Mandip Singh on 25-9-82 at 6 A.M.

ME-IV is the magazine charge register. This is a register in which the security guards taking charge of the magazine make their note that magazine was in order. At the time the security guard gives his charge to the new security guard again a note is made in it and the security guards making over charge and taking over charge sign it and if there is no disorder in the magazine the same is noted in it. At page 8 of the Register Ext. ME-IV there is a note that on 25-9-82 at 6 A.M. the charge of magazine was given to Mandip Singh. Mandip Singh has noted that he found the locks of the magazine broken and the security guards of the earlier shift absent. Mandip Singh has stated in his statement before the Enquiry Officer that on 25-9-82 at about 6.20 A.M. he went to Gumti of Tewariji for the magazine charge register as according to him the magazine charge register used to be kept at the said gumti. He has stated that after taking the register from Tewariji he signed it and thereafter he went to the magazine at 6.45 A.M. and found on checking that the lock of the magazine was broken and thereafter he again returned back to the gumti of Tewariji and enquired about the time when Rajaram Sharma and Punit Ram Rajak had left the magazine and learn from Tewariji that they had left the magazine at 5 A.M. after keeping the magazine charge register at

his place. Thereafter he made over note in the register about the break lock of the magazine. It appears clear therefore that Mandip Singh had arrived late on his duty at the magazine and the concerned workman and Rajaram Sharma had left the magazine prior to his arrival. Before the Enquiry Officer the concerned workman has stated that he handed over charge to Mandip Singh at 6 A.M. and at that time the locks of the magazine were intact. This statement of the concerned workman before the Enquiry Officer does not at all appear to be correct in view of his earlier statement made in the ME-VI. The statement before the Enquiry Officer that he handed over charge to Mandip Singh at 6 A.M. does not find support also from ME-VII and the statement of Mandip Singh made before the Enquiry Officer. Taking all the facts into consideration it appears that the concerned workman along with Rajaram Sharma had left their duty place prior to 6 A.M. without handing over charge to the incoming security guard Mandip Singh. The duty of Mandip Singh started from 6 A.M. but it appears that he reached the magazine at 6.45 A.M. The duty hours of Mandip Singh started in the morning at 6.00 A.M. when in the month of September it would be at about the time of sunrise. It cannot therefore be expected that a theft would take place on 25-9-82 after 6 A.M. Taking this fact into consideration it will appear that the theft must have taken place sometime before 6.00 A.M. on 25-9-82 during the duty hours of the concerned workman and Rajaram Sharma.

The duty of the security guard at the magazine is only for the purpose of safety and protection of the explosive materials and if the security guard do not be at their duty the responsibilities must be fixed on them. The failure is clearly a dereliction of duty and a complete negligence of their work. I hold therefore that the concerned workman had derelicted his duty in most negligent manner and the finding of the enquiry officer that the charge has been established against the concerned workman is based on the materials on record before him.

It has been submitted on behalf of the concerned workman that the enquiry officer has relied on the evidence of the co-accused Mandip Singh in order to establish the charge against the concerned workman. On the above facts it has been submitted that the enquiry officer should not have acted upon such evidence. Shri Murthy, Advocate appearing on behalf of the management has cited on a decision reported in 1975 Lab I.C. 1001 wherein his Lordship held that since the enquiry officer in a domestic enquiry is not a court and the proceedings before him are not analogous to proceedings before the criminal court and since the provision of the Evidence Act do not apply to such an enquiry there is no justification whatsoever for the view that the statement of co-accused cannot be acted upon. Thus the enquiry officer appears to be justified in taking into consideration the statement of Mandip Singh is arriving at his conclusion.

In the result I hold that the action of the management of Dhori (K) Colliery of M/s. C.C.L. in dismissing the concerned workman Shri Punit Ram Rajak of Dhori (K) colliery is legal and justified and as such he is not entitled to any relief.

This is my award.

Dated : 26-11-1986.

In Reference No. 23 of 1983 matters referred has been specified as follows :

"Whether the demand of the temporary Class-IV employees of the National Insurance Company Limited, Calcutta as per list given in Annexure, for their absorption against permanent vacancies in the undertaking according to their seniority of service in temporary/casual employment is justified? If so, to what relief are the workmen concerned entitled and from what date?"

ANNEXURE

S. No. Name of the workman

- S/Shri

Both the references have been heard together as each party has lead common evidence for both the cases.

2. The genesis of the industrial disputes referred may be briefly stated. The National Insurance Company Ltd. (hereinafter called the Company) which is one of the four subsidiaries of the General Insurance Corporation of India

formed under section 9 of the General Insurance Business (Nationalisation) Act, 1972 started business after completion of the process of nationalisation from 1-1-1975 with head office at 3 Middleton Street, Calcutta. The management of the Company appointed temporary/casual Class-III employees and also temporary/casual Class-IV employees for short and specific periods during 1975 to 1982 for working in the Company's Eastern Regional office at Calcutta and different divisional offices in Calcutta Region, the number of which gradually increased from 10 to 15 during the same period. Such temporary employees were given work intermittently precluding continuity of service. The description of the jobs of temporary Class-III employees was (i) Comptist, (ii) Typist/Assistants, (iii) Adrema Operators, (iv) Assistants, and (v) Telephone Operator. The temporary Class-IV employees were called subordinate staff. The temporary Class-III and Class-IV employees who were unorganised and not members of any union of permanent employees of the Company formed a Union named General Insurance Workers Union on 27-1-1981 and got it registered on 1-8-1981. On 7-9-1981 the president of the said Union wrote to the management of the Company complaining of unfair labour practice followed by the Company recruiting temporary staff and demanding regularisation of those who had served or were serving as temporary hands. The precise demand was made by the Union covering temporary employees of both Class-III and Class-IV categories in its letter dated 9-2-1982. It was alleged therein that the management was resorting to the practice of appointing casual workers in Class-III and Class-IV categories for long periods although there were vacancies for permanent employment, giving rise to serious resentment among them and apprehension of disturbance of industrial peace. The precise demand made in that letter (vide Ext. W-5) was in the following terms:

- (i) to prepare immediately a panel from amongst the existing casual staff in order of seniority in service;
- (ii) to declare forthwith the vacancies permanent in nature Class-III and Class-IV categories after discussion with the Union and absorb all the empanelled casual/daily wage staff;
- (iii) pending absorption of the empanelled staff no recruitment be effected from out side.
- (iv) to relax the norms for recruitment, if necessary, so as to regularise the existing casual/daily wage staff.

The secretary of the said Union wrote to the Chairman cum Managing Director of the Company in letter dated 28-4-1982 (Ext. W-13) raising demand for making temporary Class-III employees regular and permanent with effect from 12-3-1982 which is the date when a newspaper advertisement was issued inviting applications for creating panels to be utilised for recruitment to fill up 94 vacancies in Class-III posts in Calcutta region by any or any of the holding company General Insurance Co. Ltd. and its four subsidiaries including National Insurance Company which alone had head office at Calcutta. Three Unions of which permanent employees of the Company were members supported the demands made by the concerned workmen by writing letters to the Chairman-cum-Managing Director of the Company before and after the dates of the two references. The management refused to give preference to the former temporary employees for permanent recruitment stating that such recruitment is done strictly according to recognised procedure of the Company. The management stopped giving temporary employment to the former Class-III temporary employees except adrema operators and telephone operator from 16-8-1982 and to the former Class-IV temporary employees from 16-8-1982 or 30-9-1982. Thus the dispute between the parties came to a head. Efforts of settlement of the disputes by the Central Conciliation Officer having failed, the appropriate government made the two references to this Tribunal for adjudication of the points specified therein.

3. In Reference No. 19 of 1983 the case of the 21 workmen concerned represented by their union in the claim petition and rejoinder is that the Company has no recruitment procedure and that it acted whimsically or capriciously while

employing for years the workmen as temporary/casual/badli employees month after month as records of the Company will show. In any event, if any recruitment procedure as alleged exists at all it must be unjust, irrational and unfair. The Company had a large number of temporary Class-III and Class-IV staff in their offices at Calcutta for doing permanent nature of job to deal with normal volume of work but they were not given permanent status. They were continued in such jobs for many years according to seniority among them as temporary workers denying the benefits of permanent service and as all the concerned workmen worked for more than 240 days in a year, section 25F of the Industrial Disputes Act (hereinafter the Act) was contravened by the management. The Union has demanded absorption of the concerned 21 workmen against regular vacancies of Class-III category appearing from the advertisement in the Statesman and Amrit Bazar Patrika published on 12-3-1982 in Calcutta, with effect from the said date or from the date when any concerned workman completed 240 days in 12 months whichever is earlier and all the consequent financial benefits.

4. The case of 172 workmen represented by their union in reference No. 23 of 1983 is almost on similar lines. The Union has pleaded that the concerned Class-IV staff whose services were terminated from 16-8-1982 or 30-9-1982 were not paid any retrenchment compensation or notice pay even if many of them had worked for more than 240 days in 12 months and that section 25F of the Act having been violated, the termination of their services is invalid and they are entitled to full back wages. The Union has claimed absorption of the 172 workmen against permanent vacancies of Class-IV category on the basis of seniority of service as temporary/casual employees with effect from 14-4-1982 or when any of the workmen completed 240 days work in a year whichever is earlier and all the dues following therefrom.

5. The case of the management in both the references is almost similar. It is contended that the persons no longer in employment of the Company cannot claim absorption in permanent vacancies as absorption can only mean absorbing one who is already in employment and that as none of the permanent workmen of the Company or their unions has raised the dispute it is not an industrial dispute within the meaning of the Act. The management has challenged the jurisdiction of the Tribunal to adjudicate the dispute referred to it on that the order of reference are invalid, for the aforesaid reason. The total number of employees in the permanent cadre in the eastern regional office and divisional offices thereunder of the Company as on 31-12-1982 were 3230 consisting of 361 officers, 607 development staff, 1870 supervisory and clerical staff (known as Class-III) and 392 sub-staff (known as Class-IV). The persons numbering 21 named in the Order of reference in Reference No. 19 of 1983 had worked as temporary/casual hands in one or other of the Company's 10 divisional offices in Calcutta region during 1977 to 1982 and the persons numbering 170 named in the order of reference in Reference No. 23 of 1983 had worked as temporary/casual hands from time to time in the Eastern Regional Office or one or other divisional offices of the company in Calcutta during 1975-1982. The Board of Directors of the company laid down procedures for recruitment of permanent clerical and subordinate staff on 7-9-1979 and 30-10-1979 and circulars based on those decisions were issued from time to time. The number of permanent staff in each category is determined by the holding company, G.I.C. on the basis of well-laid criteria. According to these criteria the number of persons in Class-III and Class-IV categories in permanent service of the company are adequate. There is no scope for creation of any new vacancy in Class-III or Class-IV category and there is no case for absorption of any one of the concerned workmen in permanent post on any ground whatsoever. None of the concerned persons had one year's continuous service as defined in section 25B of the Act, preceding the date/dates from which they were not given employment and so none of them can have any claim against the Company. According to the management there are no permanent vacancies at all in Class-III or Class-IV category. The advertisement in the newspapers published on 12-3-1982 was on behalf

of General Insurance Corporation of India and its four subsidiaries for empanelling of candidates for future recruitment in permanent cadre of Class-II service and till date i.e., 20-8-1983 no fresh recruitment has been made from the panel constituted under the said advertisement by the company. There was no uniform system of recording attendance of temporary/casual Class-IV staff. Some offices maintained and others did not maintain such records and it is very difficult to dig them out. The workmen concerned were paid only through vouchers. None of them is entitled to any retrenchment compensation as none worked for 240 days or more in 12 months from the date in which they were not given employment. The management has denied the charges of victimisation or indulging in unfair labour practice.

6. It has been submitted by Mr. T. K. Jagdish, the learned advocate for the management that as the dictionary meaning of "absorption" is "disappearance through incorporation in something else or sucking in of fluid, light etc.", there cannot be absorption of the persons concerned who were not in employment of the company on the respective dates of reference. So according to him the orders of reference are bad in law. He has referred to *State of Mysore Vs. M. Srinivasamurthy*, AIR 1976 SC 1104. But that was a case of discrimination against the petitioner in the matter of relating back the date of his absorption from the date of deputation to another department of government and consequent violation of Articles 14 and 16 of the Constitution of India. On the other hand it is submitted by Mr. D. L. Sengupta, learned advocate appearing on behalf of the Union that the word "absorption" in the order of reference should be construed to mean reinstatement followed by absorption and there is no defect in the orders of reference. It is urged that reinstatement is incidental to absorption and it is a matter incidental to the point of dispute specified in the reference which Tribunal should go into in view of the provisions of section 10(4) of the Act. In this connection he has referred to the decision of the Supreme Court in *Indian General Navigation Company Vs. its Employees at Rajabagan Dockyard* 1961 II LLJ 372 and the pleadings in para 32 of the written statement of the Union and para 48 of the written statement of the management in Reference No. 23 of 1983. In the said reported case one of the points of dispute specified in the reference was whether six workmen who had been suspended by the company on charges of misconduct were entitled to resumption of normal duties or any other relief. The orders of suspension against two of the workmen were later withdrawn by the company. During pendency of the reference the management as a result of enquiry held by it found that the other four workmen were guilty of misconduct and decided to dismiss them with effect from the date of suspension. Accordingly it applied for permission to dismiss those workmen. Those applications were however not pressed. The Company gave evidence before the Tribunal as regards the enquiry held by itself and also in relation to the charges of misconduct against the aforesaid four workmen. On consideration of the evidence the Tribunal held that their dismissal was not justified and directed allowing them to resume their duties. In appeal the Supreme Court did not allow the learned counsel of the company to raise the contention at that stage that what was referred was whether suspension was justified, as both the parties understood that the contemplated dismissal was also within the reference. It thus appears that the Supreme Court made the aforesaid decision in the context of the particular facts and circumstances of that case. In the instant case in my view the reported decision is of no assistance to the Union. To "reinstate" means to restore, to replace in, lost position, privileges etc. In the present case reinstatement would imply restoration of the concerned workmen to their earlier temporary/casual employment which was or is not their demand. I do not find that the Union in any one of its demand letters to the management asked for reinstatement of the concerned workmen. The point specified in the reference is not reinstatement in temporary post but absorption in permanent post. As to the two paragraphs in the pleadings of the parties referred to on behalf of the Union, in my opinion the parties cannot enlarge the scope of the reference by including additional matters in their pleadings for adjudication by the Tribunal. The Tribunal should decide the points specified in the orders of reference and matter incidental thereto. The

expression "matter incidental" in section 10(4) of the Act refers to matters subsidiary to the main or principal points specified in the orders of reference and not independent matters such as retrenchment and validity or justification thereof, even if the parties attempt to raise such matters in the pleadings. In my view the word "absorption" used in the two orders of reference reasonably construed keeping in mind the genesis of the dispute and the circumstances leading to the two references, means recruitment of former temporary/casual Class-III and Class-IV staff of the company as regular or permanent employees of the Company. In fact, that was precisely the demand made on behalf of the Union in their first letter of demand dated 9-2-1982 (Ext. W-5). The orders of reference cannot therefore be said to be theoretical or defective for using the word "absorption" as contended on behalf of the management. There is no substance in the first preliminary objection raised on its behalf.

7. The other preliminary objection is that the disputes in question are not industrial disputes as the disputes were raised by a Union of temporary/casual employees after cessation of their employment and not by the permanent workers of the company or any of their Unions. But this contention has no basis in fact or law. There is ample evidence namely the letters Exts. W-14, W-15, W-16 and W-25 and also oral testimony of competent persons namely WW-1, Sri Nani Mohan Saha, WW-3, Sri Sourmyan Mukherjee and WW-4, Sri Suresh Dasgupta to show that the three unions of permanent workmen of the Company espoused the cause of the workmen concerned before the management prior to and after the dates of two references and they complained of increased workload of the permanent staff on account of non-employment of the workmen concerned expressing apprehension of breach of industrial peace. MW-1, Sri Arun Shankar Mitra, Assistant General Manager of the Company has also admitted receipt of the aforesaid letters by the management. I cannot accept his version that after discussion with the management the permanent employees did not pursue the matter. It may be that they did not participate in the conciliation proceedings but this circumstance is of little consequence as it appears that the permanent workmen of the Company showed community of interest with the concerned workmen and supported them at the date of reference. So both the disputes in question are, in my view, industrial disputes within the meaning of section 2(k) of the Act. I therefore hold that the second preliminary objection is not tenable and this Tribunal has jurisdiction to adjudicate the disputes referred to it.

8. The basic facts appearing from the evidence adduced by the parties may be stated. MW-1, Sri Arun Shankar Mitra Assistant General Manager of the Company was in charge of personnel of the Company from 1978 to February, 1983. He has deposed that General Insurance Corporation of India was constituted as the holding company by the General Insurance Business (Nationalisation) Act, 1972 and under it four subsidiary companies were incorporated, namely, National Insurance Co., New India Assurance Co., United India Insurance Co., and Oriental Fire and General Insurance Co., After completion of the nationalised sector the subsidiaries started functioning from 1-1-1975. Each subsidiary is an autonomous body with its board of directors headed by the chairman cum managing director. During the material period Calcutta Region was under Eastern Regional Office and had divisional offices the number of which was initially 10 and increased gradually to 14. In those offices there were about 890 permanent Class-III staff and 115 permanent Class-IV staff. But all the aforesaid offices of the Company in Calcutta region used to appoint temporary/casual employees in Class-III and Class-IV categories for specific periods, i.e. for a number of days in a month or for a month or so at a time, year after year during 1975 to August, 1982. MW-1 has said that Eastern Regional Office and the divisional offices under it, had surplus staff in Class-III and class-IV categories since 1975. His explanation of employing temporary/casual workers is that such appointments were necessary for three reasons, namely, (i) spurt of work, or sudden increase of work, (ii) absenteeism of permanent employees and (iii) ineffective managerial control by the

head office of the Company at Calcutta. There was no uniform practice of either declaring vacancies or collecting applications for the post of temporary/casual employees. Some offices issued appointment letters and other offices did not issue such letters. The Casual/temporary employees were paid the minimum of the salary and allowances admissible to permanent employees of the said category at the monthly rate. Although they were engaged on no-work-no-pay basis, if the duration of their employment included Sunday on any public holiday they were paid wages for those days. They were also paid ex-gratia amount in lieu of bonus.

9. It is very significant that the same persons were appointed intermittently month by month and from year to year in the regional office or divisional offices of the Company and that the nature of work for which they were employed was the same what was to be done by the permanent staff. Thus the additional work was of permanent nature recurring from month to month and year to year.

10. MW-1, Shri Mitra has admitted that 51 temporary Class IV workmen have been absorbed by one of the subsidiaries, namely, New India Assurance Company. According to him the holding company GIC has given oral instruction to all the four subsidiaries to absorb against permanent vacancies in such temporary workmen who have continuously worked or worked for 240 days according to section 25B(2) (a) of the Act. The Company advised its regional managers all over the country except eastern region to implement that instruction. He has said in Calcutta such instruction has not been followed for three reasons (i) there is no vacancy; (ii) the matter is subjudice and (iii) from the statement submitted by the management it will be seen that none of the temporary workmen either in Class-III and Class IV have worked for 240 days or more in accordance with section 25B(2)(a) of the Act.

11. The statements referred to by MW-1 are Ext. M-14 for temporary Class-III employees and Ext. M-15 for temporary class-IV employees. Each of such statement contains the following particulars under different columns:

- (i) name of employee;
- (ii) job (in case of class-III category);
- (iii) date when the employee first worked;
- (iv) number of days worked in each of the years 1977 to 1982 in case of Class-III employees and 1975 to 1982 in case of Class-IV employees;
- (v) date when the employee worked last.
- (vi) number of days of work monthwise in last 12 calendar months.
- (vii) number of days of work in the last month.

The manner in which the number of working days of each of the workmen concerned has been arrived at by the management has been described in details by MW-1 in his evidence. The relevant extract of his recorded testimony is as follows: "We collected from our various offices the original vouchers or salary sheets on which such temporary/casual employees put their signatures from 1975 onwards. Then we prepared statements for each individual persons indicating how many days in each year they were engaged. Thereafter we transferred such data to a master statement which contained the names of all the persons as per the terms of the reference. We have also submitted proforma attendance register prepared from the actual attendance registers for all offices except our regional office where such records could not be located. They are all lying here. On the basis of vouchers and salary sheets proforma attendance registers were prepared. From the proforma registers statement showing days worked in each month and payments made in each month from time to time right from first date of their engagement as temporary or casual and their last date of employment in September 1982 were prepared. These are the 172 statements in respect of employees in reference No. 23 of 1982 (marked as Ext. M-13). From the aforesaid statements further consolidated statements were made in respect of Class-III and IV showing their names, the work they performed in one or the other division, the days worked in each year, days worked in the 12 months, preceding the month in which they were stop-

ped being given work, the days worked in the last month and the date last worked. This is the consolidated chart in respect of Class-III (marked as Et. M-14 collectively). This is the consolidated chart in respect of Class-IV (marked as Ext. M-15 collectively). In support of the aforesaid statements we have submitted all original vouchers and salary sheets, proforma attendance registers and original attendance registers except for regional office which could not be located in spite of our best effort. We in the head office were under the impression that there was no system of maintaining attendance registers for temporary employees. Subsequently under Court's direction we made thorough search of godown of those offices and located the original registers. According to the statements prepared by us produced before this Tribunal no workers in any of the two cases worked for 240 or more days in any particular year. It is not a fact that we have got blank sheets or blank vouchers or blank to prejudice workers in these cases. It is not fact that we have suppressed or withheld attendance registers in respect of the some of the workers in question. It is not correct that we have got blank sheets or blank vouchers or blank registers signed by these temporary employees at any point of time. It is not correct that we have vacancies either in Class-III and Class-IV in Calcutta to absorb all the employees in question or at least some of them. In fact we have surplus staff."

12. The Court's direction referred to by MW-1 in his aforesaid testimony is the Order dated 7-12-1983 passed by my predecessor in office and recorded in the proceedings of these two references. In that order after the attention of the Tribunal was drawn on behalf of the Union to the pleading in the written statement of the management to the effect that as there was no uniform system of recording the attendance of temporary/casual Class-IV staff and some offices maintained and other did not maintain such records, it was very difficult to dig them out, the Tribunal observed that it is therefore futile to give direction to the management to produce them and that it will be open to the Union to argue at the time of hearing of the case as to whether or not any adverse inference as permissible in law can be drawn for non-production of these documents. The Tribunal accepted the management's contention that Ledgers, Journals and Cash Books are not relevant for deciding the issue of existence of vacancies in Class-IV cadre and absorption of the persons concerned and rejected the Union's prayer for directing the management to produce them. The Tribunal further observed that if the concerned workmen are found to be entitled to be absorbed against permanent vacancies they will be absorbed as and when permanent vacancies occur. In that situation, permanent vacancies can even be created.

13. Thereafter the management filed a petition dated 22-10-1984 stating inter-alia that its earlier statement to the effect that no attendance register for temporary/casual staff was ever maintained was inadvertent and that after intensive search in their various record rooms attendance registers in respect of such staff for the period 1975 to 1982 were found in respect of the concerned divisional offices but the attendance registers in respect of eastern regional office could not traced. It was stated that those attendance registers listed in the petition have been deposited with the Tribunal on or about 11-9-1984 with intimation to the Union. It was also stated in the said petition that the said attendance registers contained signatures of workmen concerned in all days they attended and that the proforma attendance register prepared by the management on the basis of vouchers tally with the actual attendance registers filed. The management prayed for admitting the attendance registers into evidence and permitting them to rely on those documents at the time of hearing. Four of the attendance registers were later marked Ext. M-3 to M-6 on 27-4-1984. It appears on scrutiny of all the attendance registers filed by the management that besides bound volumes in printed form containing initials or signatures of the workmen concerned on the dates of attendance the management has also filed records of attendance in exercise books where attendance has been shown by marking "p" against the name of employee concerned in relation to dates of attendance without any initial or signature of the workman.

14. The Union has led oral and documentary evidence, MW-1, Nani Mohan Saha was the General Secretary of the National Federation of General Insurance Employees Union, Eastern Region. He has deposed to the effect that the workmen concerned were utilised as temporary employees and allowed work for a few days during a month for years together and that their absorption was not considered by the management although there were sufficient permanent vacancies. So there was peaceful agitation demanding absorption by stopping unfair labour practice and withdrawal of police posting from the regional office. He filed an affidavit that New India Assurance Co. Ltd. had regularised by appointment in permanent post all the 51 Class-IV temporary employees on its date in Calcutta on 5-12-1985 and that Oriental Fire and General Insurance Co. Ltd. had regularised 12 such staff at its Madras office in September, 1985. MW-1, Shri A. S. Mitra in a counter affidavit denied knowledge of the alleged regularisation of the temporary staff by New India Assurance Co. Ltd. But subsequently in his evidence in chief MW-1 has admitted the fact of such absorption. WW-2, Rupchand Addy served as temporary Class-IV employee in division No. 1. He has deposed that so far as he knows all the workmen concerned in these disputes had to their record more than 240 days work in each year during the period they worked. But this is a sweeping statement as in cross-examination he has said that without verifying from pay sheets and attendance registers he cannot say for how many days he himself worked in a particular year. He has admitted his inability to say whether all the concerned workmen had worked for 240 days in a year. WW-3, Soumyen Mukherjee is the general secretary of the General Insurance Workers Union of Temporary Employees of the Co. He first joined the Company on 16-4-1974. He deposed on the lines of WW-2 in his examination in chief. He has said that these documents filed by the management contain incorrect statement. In cross-examination he has admitted that the Union has not filed statement of total days of work done by each of the workmen concerned either monthwise or yearwise. He has confirmed the amounts received by him as wages during the period of his work in 1981 and 1982 appearing from the documents filed by the management. WW-4, Suresh Dasgupta was president of the aforesaid Union during the relevant period. He has deposed that the correct number of working days of the workmen concerned can be found from the original attendance registers, pay sheets or pay registers, cash books, ledger and journals not filed by the Company. In cross-examination he has said that he never worked in the Company and that the informations contained in his letters to the management were obtained from the workmen without verification from the records. He has claimed that there are permanent vacancies because the concerned employees had been working regularly for years. He does not know the formula of co-relation of the number of managerial staff to Class-III and Class-IV staff. WW-5, Swarnan Kr. Sarkar was a temporary worker in Class-III category. He has also made a sweeping statement that each of the concerned workman worked for more than 240 days in a year and that there are vacancies to absorb all of them. In cross-examination he has admitted the correctness of the attendance registers for 1980, 1981 and 1982 produced by the management. In response to the advertisement issued in the newspapers inviting applications from the candidates for creating panels for appointment of Class-III staff to meet the requirements of holding company and the four subsidiaries, he applied for empanelment but was not called for interview. He has also admitted the correctness of the vouchers for payment of wages to him in 1980, 1981 and 1982 produced by the management.

15. MW-1, Shri Mitra has admitted in cross-examination that the basic documents used for salary sheets and vouchers were the attendance registers or records. It can not be denied that all the attendance registers or records have not been produced by the management. It has been contended on behalf of the Union that an adverse inference should be drawn against the management for non-production of all attendance registers/records. It has been submitted that irrespective of the question on which party lies the onus of proof, the party having custody of documents having bearing on matters in issue has the duty to produce such document before the Tribunal. In support of this proposition reliance is placed on *Gopal Krishanji Vs. Mohd. Hafeez Latif*, AIR 1968 SC 1413. There can be no dispute regarding the aforesaid statement of law. But I cannot accept the conten-

tion that as all the attendance registers/records of attendance have not been produced by the management, it should be presumed that each of the workmen concerned had worked for 240 days in 12 calendar months preceding the dates from which they were not given work by the management. In the particular facts and circumstances of these cases, such adverse presumption should not be drawn against the management. According to section 114 Illustration (g) of the Evidence Act a presumption may be drawn that evidence which could be and is not produced would, if produced, be unfavourable to the person who withholds it. But in these cases the evidence of MW-1 that all the attendance registers/records of attendance which could be traced out have been filed before the Tribunal is acceptable. I am not satisfied that the management has deliberately withheld attendance registers/records of attendance which were available to them and could be produced by them before the Tribunal. So no adverse inference should, in my view, be drawn for non-production of some of the attendance registers/records of attendance which could not be traced out by the management. Moreover the documentary evidence produced on behalf of the Union shows that representation were made before the management complaining of the fact the workmen concerned were not given work for more than 10 days in a month (vide Ext. W-9) or for more than 85 days in a year (vide Ext. W-12) and that Class-III employees were given work to the extent of 228 days work in a year (vide Ext. W-13). In the letter dated 14th May, 1983 (Ext. W-25) written on behalf of the three unions to the chairman cum managing director of the Company it was stated that the persons concerned were being engaged regularly and none is allowed to work for more than a maximum of 240 days a year and some are allowed to work for only 65 days and some for 130 and so on. Such admitted statements militate against the contention raised on behalf of the Union that a presumption should be drawn to the effect that each of the concerned workman had worked for 240 days or more in the year preceding the date where from they were not given work no longer. In my view it is probable that the concerned office of the Company had attendance registers/records of attendance of the temporary staff when payments by vouchers or salary sheets were made to them, but subsequently some of these registers or records of attendance become untraceable as they were not preserved carefully and systematically. I am unable to subscribe to the contention based on mere suspicion and surmise that the management having in its conscious possession or power other attendance registers/records of attendance besides those produced before the Tribunal is deliberately withholding them.

16. The management has sought to resist the claim of the Union for absorption of the workmen concerned in permanent vacancies on two grounds. Firstly it is said that there is no permanent vacancy in Class-III or Class-IV category in any of its office in Calcutta Region, as there is surplus staff on the basis of norms or ratio fixed by the Staff Inspection Unit of the Ministry of Finance Government of India in its report in 1984. In this connection a calculation sheet said to be S.I.U. Calculation for 1984 (Ext. M-9) has been produced to show the staff position. But the S.I.U. report spoken of by MW-1 has not been put in evidence. It is not known how the staff ratio has been determined by the S.I.U. MW-1 has said: "We have not filed so far before this Tribunal the instructions given by the General Insurance Corporation regarding ratio of Class-IV to Class-I and Class-III employees". He has admitted that the ratio of Class-III employees in Ext. M-9 cannot be uniform because the volume of work-load and nature of business are different in different offices of the Company. He has said that he has no knowledge that the ratio in nationalised bank is one substaff for every three clerical staff. The Union has attempted to show that such ratio has been prescribed for nationalised bank by filing a petition at the close of the argument for permitting them to file certified copy of a letter written to Shri Taran Das, general secretary of Indian Bank Employees Union by the Zonal Manager of the said bank which was marked Ext. W-8 in Reference No. 55 of 1982 to this Tribunal. Pending production of the certified copy I have looked into the said letter of June 1980 marked Ext. W-8 in that Reference wherein it was mentioned that "it was bank's policy to maintain a staff strength of 1 : 3 : 1 for the total organisation which could not mean that at each branch the said ratio had to be maintained." But in my view even if such ratio is adopted in nationalised banks, the same cannot be the standard

in General Insurance Corporation in insurance business because the nature of office work in two types of organisations is not the same and the staff ratio depends on the workload and the nature of work involved. In my view, the plea of the management that there is surplus in its offices in Calcutta Region or that there is no scope for permanent vacancy is not warranted by the materials on record and not acceptable.

17. The second ground on which the management seeks to resist the workmen's claim is that the recruitment procedure laid down by the Board of Directors of the Company must be strictly followed and that none of the concerned workmen can be appointed permanently in compliance with such procedure. Evidence has been adduced to show that the Board of Directors of the Company has laid down procedure for recruitment of permanent clerical and subordinate staff (Ext. M-10) and for recruitment of employees in temporary cadre [Ext. M-11 and M-11 (A)]. It has been contended on behalf of the management it cannot be directed by the Tribunal to act in contravention of such procedures for absorption of the workmen concerned. It appears that Ext. M-10 provides for age limit, minimum educational qualification, satisfactory performance in pre-recruitment test and interview and medical examination for recruitment of permanent Class-III staff. Similarly for recruitment of permanent Class-IV staff there are age-limit minimum educational qualification satisfactory performance in interview and medical fitness to be fulfilled by the candidates. In the procedure laid down for recruitment of employees in Class-III and Class-IV temporary cadre, it is also provided and this is very important, that persons once appointed in temporary capacity should not be appointed again on temporary basis (vide Ext. M-11). Mr. T. K. Jagdish learned advocate for the management has referred to *Minhas B.S. Vs. Indian Statistical Institute and others*, 1984 1 LLJ 67 (SC) in which it has been held that the relevant pay bye-law of a registered society should have been followed before appointment in the vacancy in the post of director. He has also referred to *A.P.C.M.E. Society Vs. Government of A.P.* AIR 1986 SC 1490 in which it has been held that the Court cannot by its fiat direct the University to disobey the statutes to which it owes its existence and the regulations made by the University itself. But in my view the administrative instructions of the holding company, G.I.C. be it a government company, to its subsidiaries for uniformity of procedure to be followed in the matter of recruitment of staff do not stand on the same footing as the bye-law of a registered society or statute and regulations of University. In the instant case, the appointing authorities of the Company themselves have repeatedly violated the recruitment procedure laid down by the Board of Directors with the approval of the holding company by appointing the same persons in temporary capacity repeatedly from month to month and year to year. Moreover, MW-1 has stated that the holding company has given oral instruction to all the 4 subsidiaries to absorb against permanent vacancies such temporary workmen who have worked for 240 days as contemplated in section 25-B(2) of the Industrial Disputes Act and that the management shall follow such oral instruction. But according to him there is no permanent vacancy for absorption of the workmen concerned and none among them had worked for 240 days or more as contemplated in section 25-B(2) of the Act. Thus his evidence itself shows that the so-called recruitment procedure can easily be altered or superseded by verbal instruction and how informed such procedure is. The said procedure it appears has been changed to deal with the situation arising from capricious recruitment of temporary workmen made by the authorities disregarding the provision in the procedure that no person once appointed in temporary capacity should be appointed again on temporary basis. In this case the management has not furnished the date of workload of different types of work in different offices and the varistick of staff requirement for each of type of work. The Union has calculated the number of mandays for which the workmen concerned were appointed temporarily for specific periods in each year according to the statements Exts. M-14 and M-15 furnished by the management, assuming but without admitting such date to be correct. In making such calculation the Union has added 52 Sundays and 17 other holidays, in all, 69 Sundays to the number of days work done by each workman in a year according to Exts. M-14 and M-15. In this connection reliance has been placed on the decision in *S. D. Singh Vs. Reserve Bank of India*, 1986 1 LLJ 127 in which the concerned workman employed on

no-work-no-pay basis had worked for 202 days during 12 calendar months preceeding the date from which he was no longer employed and the Court added 52 Sundays and 17 other holidays to the number of days for which the workman concerned actually worked and gave him the benefit of re-instatement with back wages as according to such calculation he had worked for more than 240 days or continuously employed for one year under section 25-B(2)(a) of the Industrial Disputes Act and was retrenched in violation of Section 25-F of the Act. The Order of reference in that case was as follows :—

"Whether the action of the Management of Reserve Bank of India, Kanpur in striking off the name of Shri H. D. Singh from the list of approved Tikka Mazdoors from July, 1976 is justified and legal? If not, to what relief the workman in question is entitled?"

So the subject matter of reference in the reported case was basically different from the subject matter of reference in the present cases. In the reported case the real point for decision was whether striking off the name of the workman concerned from the list of Tikka Mazdoors was illegal and if so, what relief the workman was entitled to. It has been held that striking off the name of the workman concerned from the list of Tikka Mazdoors was tantamount to retrenchment as defined in section 2(oo) of the Industrial Disputes Act and was illegal for non-compliance with section 25-F of the Act. So the Court directed re-instatement of the workman concerned with back wages. But in the present cases the subject matter of reference is whether the demand of the workmen concerned for absorption against regular vacancies is justified and if so, to what relief are they entitled. The entire evidence has to be considered to resolve that issue. The question of illegal retrenchment and consequent relief cannot be included within the scope of the reference as an incidental matter as that question is separate from and independent of the subject matter of the reference.

18. In the instant case the acceptable evidence is that the temporary workmen concerned were paid for Sundays and other holidays which intervened during the specific period for which each of them was employed and that the number of days of work shown in Ext. M-14 and M-15 includes Sundays and other holidays during the period of their employment. So in this case it will not be proper to add 52 Sundays and 17 other holidays to the total number of days of work done by each of the concerned workmen during 12 calendar months preceding the date from which they were not given work as per statement Exts. M-14 and M-15. All that may be done is to deduct from the number of days of work of a workmen converted into weeks 1-1/3 days per week already included in that figure (because holidays for 69 days in 52 weeks is equal to 1-1/3 days per week) and then add 69 days to resultant figure. For example if the number of days work of a particular workman as shown in Ext. M-14 or M-15 is 211 then only he will qualify to be in continuous service for one year under section 25-B(2) of the Act as under :

211 days = 30 weeks

1-1/3 of 30 = 40 days

211 - 40 + 69 = 240 days

Only one out of the concerned workmen has such qualification. He is Serial No. 50 B. Lal in Ext. M-15. He worked for 223 days. None else worked for even 200 days as per Ext. M-14 and M-15.

19. The matter should be approached from a different angle, viz the malpractice of the management to resort to employing an excessive number of persons as casual/temporary staff to prevent them from getting the benefit of 240 days work in 12 calendar months preceding the date when he is not given work. So I have calculated the number of mandays for which the workmen concerned in Reference No. 19 of 1983 were employed in Class-III category during 12 calendar months preceeding a date in July to December, 1982 from which they were not given work and the number of mandays for which they were employed in the broken period of the last month as shown in Ext. M-14. The total number of mandays on the basis of such calculation are about 1000.

for 7 workmen. Dividing that figure by 211 it appears that had 4 (four) persons been employed to do the work for 1000 mandays, instead of 17, each of them could have fulfilled the criterion of 240 days work as contemplated in section 25B(2) of the Act. The almost same result is obtained, if we consider the number of workman employed during December, 1981 to December, 1982. Seven temporary Class-III employees were employed for 856 days during that period. Had the management employed 4 of them, each would have completed 240 days of work. Similar calculation made on the basis of the data of days of work from August 1981 to August 1982 furnished in the statement Ext. M-15 in respect of temporary Class-IV employees shows that 81 of them were employed during that period for 12276 mandays during the last 12 calendar months and broken period of the last month of work. Had 58 (12276 divided by 211) workmen among them been employed by the management instead of 81 persons, each of them would have worked for 240 days during such period. In the calendar year 1982, the management employed 156 temporary Class-IV workmen for 12616 mandays. Had the management employed only 59 workmen, each of them would have got the benefit of 240 days of service in that year. So four permanent posts of Class-III category and 59 (fifty-nine) permanent posts of Class-IV category are necessary and so many permanent vacancies are either to be declared or to be created by the management. In my view the management has followed an unfair labour practice of appointing casual/temporary employees in Class-III and Class-IV category to cope with work of permanent nature for years in such a manner that those employees did not get the opportunity to have the status and privileges of permanent workmen. In this connection, I may refer to section 2(r-a) of the Industrial Disputes Act as amended by the Act 46 of 1982 and item No. 10 in the Fifth Schedule introduced by such amendment, under which the practice of employing workmen as badli, casual or temporaries and to continue them as such for years with the object of depriving them of the status and privileges of permanent workmen has been statutorily declared as unfair labour practice.

20. Admittedly the holding company had issued instruction to absorb temporary workers who come under section 25B(2)(a) of the Act. But the management of the company concerned has sought to evade compliance by employing more temporary workmen than what was necessary to enable the workmen to work for 240 days in a year and resorting to such unfair practice. The learned advocate for the management has relied on *Hindustan Aeronautics Ltd. Vs. Workmen*, 1975, II LLJ 336 (SC) where the Court set aside the Tribunal's direction to make 10 casual workmen of canteen permanent because the Tribunal did not go into the question as to whether more permanent workmen were necessary to be appointed and no direction for creation of new posts was given. The said decision is in my view of no assistance to the management. In the present cases the facts and circumstances, already discussed namely demonstrate the necessity of more permanent workmen of Class-III and Class-IV categories to cope with the normal increase in work of permanent nature in the company's offices in Calcutta Region, so as to prevent the management from indulging in unfair labour practice as mentioned above in future. The management is to be directed to create more permanent posts, for that purpose. The learned advocate for the management cited *Prakash Cotton Mills Pvt. Ltd. Vs. Rashtriya Mills Mazdoor Sanah*, AIR 1986 SC 1514 wherein it has been held that badli/casual workmen have no right to work and are not entitled to compensation for closure as section 25C of the Act specifically excludes them from the benefit of compensation in case of lay-off. It is contended that in the present case the workmen concerned have no right to absorption. But the reported decision has been made in completely different context and is of no material assistance to the management. No doubt temporary/casual workmen under the contract of employment have no right to work after the expiry of the period for which they are employed. But industrial jurisprudence is an alloy of law and social justice. In *Bharat Bank Limited Vs. its employees*, 1950 I LLJ SC 921(948), Mukherjee, J. speaking for the Court observed "In settling the dispute between the employers and the workmen the function of the Tribunal is not confined to administration of justice in accordance with law. It can confer

rights and privileges on either party which it considers reasonable and proper, though they may not be within the terms of any existing agreement. It is not merely to interpret or give effect to the contractual rights and obligations between the parties. It can create new rights and obligations between them which it considers essential for keeping industrial peace." In *Rohitas Industries Ltd. Vs. Brijnandan Pandey*, 1956 II LLJ 444 SC (449), S. K. Das, J. held that the Tribunal can modify contracts to prevent unfair practice. In adjudication of industrial disputes settled legal principles have little play. The Awards are often the result of adhoc determination of disputed questions. (See *Delhi Cloth and General Mills Co. Ltd. Vs. Its workmen*, 1969 II LLJ SC 755 (767-68)).

21. In my view, there are good and sufficient grounds in the present references for absorbing 4 (four workmen out of the workmen concerned in Reference No. 19 of 1983 and 59 (fifty-nine) workmen out of workmen concerned in Reference No. 23 of 1983 in permanent vacancies which have to be declared, if existing or must be created for absorbing them. Absorption in 4 (four) permanent posts of Class-III category is to be made according to seniority among the workmen concerned who have worked for at least 1000 days during the period from 1977 onwards taking the statement Ext. M-14 as the basis for calculating the working days. Absorption in 59 (fifty-nine) permanent posts of Class-IV category has to be made according to seniority among the 170 workmen concerned whose particulars have been furnished in the statement Ext. M-15. The management is directed to create permanent posts of Class-III and Class-IV categories required for absorbing the concerned workmen to the extent and in the manner aforesaid. Such absorption shall take effect from the date when the award shall become enforceable.

22. According to the management the records of the Company do not disclose that workman named Janak Das as mentioned against Sl. No. 116 or the workman named B. P. Ray mentioned against Sl. No. 158 in the annexeure to the schedule of the Order of Reference in Reference No. 23 of 1983 was ever appointed as casual/temporary workman in any office of the Company and so the particulars of those two persons have not been furnished in the statement Ext. M-15. In the circumstances, the two persons named against Sl. No. 116 and 158 aforesaid will not be covered by this Award.

23. This is my Award in respect of both the references which have been heard together.

Let requisite number of copies of the Award be sent to the Central Government for taking necessary action at their end.

Dated Calcutta

New Delhi, the 16th December, 1986

S.O. 4285.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Jabalpur (MP), as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Eklehra Colliery of Western Collieries Limited, Post Office Parasias, District Chhindwara (MP) and their workmen, which was received by the Central Government on the 3rd December, 1986.

ANNEXURE

BEFORE SHRI V. S. YADAV, PRESIDING OFFICER,
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL—
CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LCR (R) (20) 1985

PARTIES :

Employers in relation to the management of Eklohra Colliery of Western Coalfields Limited, Pench Area, P.O. Parasia, District Chhindwara (M.P.) and their workmen.

APPEARANCES :

For Union Shri G. N. Shah

For Management Shri P. S. Nair, Advocate.

INDUSTRY : Coal Mining DISTRICT Chhindwara (M.P.)

ORDER

Dated, November 28, 1986

This is a reference made by the Central Government for adjudication of the following dispute vide Notification No. L-22012/29/84-D.V. dated 19th March, 1985:

"Whether the action of the management of Western Coalfields Limited, Pench Area in relation to their Eklohra Colliery in dismissing the workman Shri Munnir Khan, S/o Shri Sunder Khan vide their letter No. ESA/DEME/47/57 dated 6-1-84 is justified? If not, to what relief the workman is entitled?"

2. In this case parties file their pleadings, adduced evidence and even argued the case. The case was reserved for award. But before the award could be dictated they have jointly prayed for giving award in terms of the settlement arrived at between them. The Memorandum of Settlement has been filed before this Tribunal. The settlement is signed by S/Shri G. N. Shah and Riaz Ahmed, Union representatives, and the workmen concerned, Shri Munnir Khan, himself. It is also signed by S/Shri S. M. Singh and C. L. Jaiswal on behalf of the management. The terms of the settlement are as under :—

1. It is agreed by the Management that Shri Munnir Khan will be re-employed on the wages he was getting prior to his dismissal with the consequential fitment under NCWA-III.

2. The union agreed for his deployment at Tub-Loader at Wardha Valley Area.

3. Since he was dismissed on the basis of proved misconduct the period of non-employment from 6-1-84 to the date of his joining will be treated as Dies-non with the continuity for the purpose of Gratuity and Seniority only provided he maintain good conduct for the period of one year from the date of resumption of his duties.

4. He will report for duty to the General Manager Wardha Valley Area within a month from the date of signing the settlement.

5. The union agrees to give up all other claim/benefits and accept the above terms as full and final settlement and shall not claim any other benefit in respect of the matter in dispute.

6. This settlement shall not be treated as a precedent in any other case.

3. Since the parties have come to an amicable settlement mutually in terms mentioned above, I think they are fair, reasonable and in the interest of the workman and therefore I record my award in terms of the settlement.

No order as to costs.

S.O. 4286.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Jabalpur, as shown in the Annexure, in the industrial dispute between the employers in relation to the management of this Sub Area Manager, Surakachhar Colliery, Western Coalfields Limited, Post Bankimongra, District Bilaspur (M.P.) and their workmen, which was received by the Central Government on the 3rd December, 1986.

ANNEXURE

BEFORE SHRI V. S. YADAV, PRESIDING OFFICER,
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL—
CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LC(R) (24) 1986

PARTIES :

Employers in relation to the management of Western Coalfields Limited, Surakachhar Colliery, Post Bankimongra, District Bilaspur (M.P.) and their workman, Shri J. K. Roy, Painter represented through the M.P. Koyla Shramik Sangh (CITU), Surakachhar, P.O. Bankimongra, District (M.P.).

APPEARANCES :

For Workman Shri Kameshwar Singh.

For Management Shri P. S. Nair, Advocate.

INDUSTRY : Coal Mining DISTRICT : Bilaspur (M.P.)

AWARD

Dated, November 25, 1986

In exercise of the powers conferred by under Section 10 (1) (d) of sub-section 2A of the Industrial Dispute Act, 1947, the Central Government has referred the following dispute, for adjudication, vide Notification No. L-22012(20) 85-D.V. dated 30th January, 6/2, 1986.

"Whether the action of the Sub Area Manager, Surakachhar Colliery of Western Coalfields Limited P.O. Bankimongra District, Bilaspur (M.P.) placing Shri J.K. Roy, Painter in Cat. III is justified? If not to what relief the workmen is entitled?"

2. Both the parties filed their pleadings and when the case was fixed for evidence of parties they sought time to settle the dispute mutually. Ultimately on 5-9-1986 the parties verified the settlement filed on 14-8-1986. The terms of the settlement are as under :—

That the management agrees to place Shri J. K. Roy Painter Cat. III as Cat. IV with two advance increment in the promoted scale of pay with effect from 1-12-1985.

That the workmen either himself or through any other union shall not raise any dispute what-so-ever connected with this issue.

That the workman accepts the above settlement and promotion of Cat. IV with two increments with basic wages at 32.90 in Cat. IV of NCWA-III with effect from 1-12-1985.

This settlement is full and final settlement of his dispute.
3. The above terms of settlement are signed by Shri R. Mukhopadhyay, Sr. Personnel Officer, Surakachhar Colliery, Shri J. K. Roy, Painter Cat. III (workman concerned) and Shri Kameshwar Singh, General Secretary, M.P.K.S.S. CITU.

4. I have considered and gone through the above terms of settlement which appear to be fair, reasonable and in the interest of the workman concerned. I, therefore, record my award in terms of the aforementioned settlement. No order as to costs.

S.O. 4287.—In pursuance of section 17 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government hereby publishes the award of the Central Government Industrial Tribunal, Jabalpur, as shown in the Annexure, in the industrial dispute between the employers in relation to the management of Maharashtra State Mining Corporation Limited, 5, Abhyankar Nagar, Nagpur and their workmen, which was received by the Central Government on the 3rd December, 1986.

ANNEXURE

BEFORE SHRI V. S. YADAV, PRESIDING OFFICER,
CENTRAL GOVERNMENT INDUSTRIAL TRIBUNAL-
CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT/LC(R)(98)/1984

PARTIES:

Employers in relation to the management of Messrs
Maharashtra State Mining Corporation Ltd., Nagpur

AND

Their workmen represented through the Maharashtra
State Mining Corporation Employees' Union, Patgo-
wari Dolomite Mine, At & P.O. Patgowari, Village
Mansar, Teh. Ramtek, Nagpur (M.S.)

APPEARANCES:

For Workmen—Shri M. N. Shirsagar, General Secretary.
For Management—Shri V. S. Verma.

INDUSTRY: Dolomite Mining, DISTRICT: Nagpur (M.S.)

AWARD

Dated: November 19, 1986

The Central Government vide its Order No. L-29011/40/84-D.II(B) dated 28th November, 1984 referred the following dispute for adjudication:—

"Whether the demand of the Maharashtra State Mining Corporation Employees Union, Nagpur for payment of bonus at the rate of 20 per cent for accounting year 1979-80 to the employees of Patgowari Dolomite Mines of Messrs Maharashtra State Mining Corporation, Nagpur is justified? If so, to what relief are the workmen concerned entitled?"

2. The parties took long time in filing their pleadings and ultimately they filed Memorandum of Settlement on 1st September, 1986 duly signed by the representatives of the management and the workmen. The terms of the settlement are as under:—

Terms of Settlement

1. That the Management shall pay a total amount of bonus of 14 per cent of the salary/wages eligible for purpose of bonus under the Payment of Bonus Act to the eligible employees/workmen of the Corporation, who were in employment during the relevant year i.e. Accounting Year 1979-80 and are still in the employment of the Corporation as on date.

2. That it has been agreed that the aforesaid amount of bonus shall be paid by the Management within three months from the date of passing the consent award by the Hon'ble Central Government Industrial Tribunal-cum-Labour Court, Jabalpur.

3. That this settlement is final and will be binding on all the eligible employees/workers of the Corporation.

3. The above terms of settlement appear to be fair, reasonable and in the interest of the workmen and the Union. I, therefore, give my award in terms of the settlement arrived at mutually between the parties. No order as to costs.

V. S. YADAV, Presiding Officer.

PARTIES:

Employers in relation to the management of Sub-Area
Manager, Surakachhar Colliery, P.O. Banki Mogra,
Bilaspur (M.P.);

AND

Their workman Shri Kolbahara S/o Shri Nanki Loader
of Surakachhar represented through the Madhya
Pradesh Khadan Mazdoor Union, Lalzenda (IFTU)
Surakachhar, P.O. Banki Mogra, District Bilaspur
(M.P.).

APPEARANCES:

For Workman—Shri Thakur Pd. Akela.
For Management—Shri P. S. Nair, Advocate.

INDUSTRY: Coal. DISTRICT: Bilaspur (M.P.)

AWARD

Dated: November 19, 1986

This is a reference made by the Central Government in the Ministry of Labour vide Notification No. L-22011/108/82-D.III(B)/D.IV(B) dated 8th June, 1984, for adjudication of the following dispute:—

"Whether the action of the management of Sub-Area Manager, Surakachhar Colliery of Western Coalfields Limited, Korba in dismissing Shri Kolbahara S/o Shri Nanki Loader of Surakachhar Colliery is justified? If not, to what relief the workman is entitled?"

2. After the notice parties filed their pleadings and thereafter the case was fixed for filing of documents and adducing evidence. But instead of adducing evidence parties filed a Memorandum of Settlement duly signed by Shri G. M. S.

Johar and R. Mukhopadhyay on behalf of the management and S/Shri T. P. Akela, Union Representative and Kolbahara, workman concerned. The terms of the settlement are as under :—

AWARD

Dated : November 27, 1986

1. The management agrees that Sri Kolbahara S/o Shri Nanki will be reappointed as Piece Rated Loader at the first instance for a period of six months. In case his performance is found satisfactory during the above period, he will be confirmed in the same post.
2. The union has further agreed that Sri Kolbahara will not be entitled to any wages etc. for the period he remained out of employment nor the union or the workman claim any monetary benefits etc. for the period the said Sri Kolbahara remained out of employment.
3. The parties agree that the workman concerned will be given continuity of service during the period he remained out of employment for the purpose of computing retirement benefit, but he will not claim any back wages for the above period.

The above memorandum of settlement settles all the dispute between the parties and this settlement will settle all the dispute pending between the parties.

3. I have gone through the above terms of settlement and am of the opinion that they are fair, reasonable and in the interest of the workman/union. Therefore, I record my award in terms of the settlement. No order as to costs.

Case No. CGIT/LC(R)(4) of 1984

PARTIES:

Employers in relation to the management of Western Coalfields Limited, Pech East Sub-Area, Post Office Parasija, District Chhindwara (M.P.);

AND

Their workman Shri Suresh Kumar C/o Shri Chhedilal Yadav, Mor Dongri Khurd, Sawari Bazar, District Chhindwara (M.P.).

APPEARANCES:

For Workman—Shri S. K. Rao, Advocate.

For Management—Shri P. S. Nair, Advocate.

INDUSTRY : Coal Mining DISTRICT : Chhindwara (M.P.)

In exercise of the powers conferred by Clause (d) of Sub-section (1) of Section 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government has referred the following dispute vide Notification No. L-22012(3)/83-D.III(B)/D.II(B) dated 7th January, 1984, for adjudication :—

“Whether the action of management of Western Coalfields Limited, Pech Area in relation to their Rawanwara 11/12 Incline, in not allowing Shri Suresh Kumar on duty on the plea that his services stand automatically terminated on account of his absence for more than 30 days from 15th January, 1980 is justified? If not, to what relief the workman is entitled?”

2. In this case when the parties argued their case on preliminary issues about the validity of enquiry held by the management and whether the management is entitled to prove misconduct before this Tribunal and the cases were reserved for orders. In the meantime the parties mutually negotiated the matter and settled the dispute amicably and filed a Memorandum of Settlement dated 25th September, 1986 duly signed by Shri S. B. Singh on behalf of the workmen and S/Shri S. M. Singh and C. L. Jaiswal on behalf of the management. The terms of settlement are as under :—

1. It is agreed by both the parties that Sri Suresh shall be offered employment as General Mazdoor in Wani Area of WCL, within one month from the date of signing the settlement. It is further agreed that the period of unemployment from 15th January, 1980 till date he joins at Wani Area as General Mazdoor shall be treated as Dies-non i.e. No work no pay.
2. The union agrees to give up all other claim/benefits and accept the above terms as full and final settlement and shall not claim any other benefit in respect of the matter in dispute.
3. This settlement shall not be treated as a precedence in any other case.
4. The parties agree to file the compromise settlement before the Presiding Officer, CGIT, Jabalpur and request for an Award in terms of the settlement.

3. I have gone through the terms of the settlement which appear to be fair, reasonable and in the interest of the workman. I give my award in terms of the settlement. No order as to costs.

AWARD

Dated: November, 28, 1986

The Central Government in the Ministry of Labour vide Notification No. L-22012(69)/84-DV dated 13th May, 1985 referred the following matter of dispute, for adjudication.—

“Whether the action of the management of WCL, in demoting Shri Shivmurat, Driver of Regional Workshop, Chandametta from Category V to Category IV for one year with effect from 23-8-1983 is justified? If not, to what relief the worker is entitled?”

2. On receipt of this reference order parties filed their pleadings and made endorsement on the documents. Thereafter parties prayed that they will file written arguments. But instead of filing the same they have filed a Memorandum of Settlement mutually discussed and arrived at between them. The settlement is signed by the parties. The terms of settlement are as under:—

Terms of Settlement

1. It is agreed by the management that Sri Shivmurat Driver will be paid 50 per cent of difference of wages for the period of one year he was demoted from Cat. V to Cat. IV while confirming the charge of misconduct.
2. The union agrees to give up all other claims/benefits and accept the above terms as full and final settlement and shall not claim any other benefit in respect of the matter in dispute.
3. The settlement shall not be treated as precedence in any other case.
4. The parties agree to file the Compromise Settlement before the CGIT, Jabalpur and request for an award in terms of the settlement.

3. The above terms appear to be in favour of the workman concerned being fair and reasonable. I therefore give my award in terms of the settlement without any order as to costs.

V. S. YADAV, Presiding Officer.

APPEARANCES:

For Union—Shri G. N. Shah.
For Management—Shri P. S. Nair, Advocate.

INDUSTRY: Coal Mining DISTRICT : Chhindwara (MP)

AWARD

Dated: November, 25, 1986

The Central Government in the Ministry of Labour has referred the following dispute, for adjudication, under Sec. 10(1)(d) of the I.D. Act, 1947, vide Notification No. L-22012(8)/84DV dated 12-9-84.—

“Whether the action of the management of Ghorawari Colliery of Western Coalfield Ltd. in dismissing Shri Bishan S/o Ram Gopal, Tub Loader w.e.f. 13-8-1983 is justified? If not, to what relief he is entitled to?”

2. On receipt of the reference order parties filed their pleadings and documents. The Union raised the question of validity of enquiry. Therefore the parties examined certain witnesses on that point and argued the case. I have gone through the record and passed an order dated 21-10-1986 holding that the enquiry was neither just nor proper. Since the management had sought permission to prove misconduct before this they were allowed to do so and the parties were ordered to file all documents on which they rely.

3. On 22-10-1986 Counsel for the management filed an application along with Memorandum of Settlement duly signed by the parties. The terms of settlement are as under:—

1. It was agreed by the management to constitute a departmental promotion committee to consider the case of all eligible candidates including the aggrieved workman.
2. That a panel will be drawn based on the recommendations of the departmental promotion committee.
3. That the existing vacancy will be filled based on merit drawn by the Departmental Promotion Committee.
4. The remaining persons in the panel will be posted in due course as and when vacancy arises.
5. This fully and finally resolves the dispute pending before CGIT.
6. The parties agreed to file the compromise settlement before the CGIT and request to pass an award in pursuance of this settlement.

4. I have gone through the above terms of settlement duly signed by Shri Hanuman Singh, Personnel Manager, WCL, Kanhan Area, S/Shri Shyamlal Balmiki, General Secretary and Anwar Beig, Vice President of RKKMS. The above terms of settlement appear to be fair and reasonable and in the interest of the union and the aggrieved workmen. Therefore I record my award in terms of the settlement duly arrived at amicably between the parties. No order as to costs.

V. S. YADAV, Presiding Officer.

O. Eklehra, Distt. Chhindwara (M.P.) and their workmen, which was received by the Central Government on the 3rd December, 1986.

ANNEXURE

BEFORE SHRI V. S. YADAV, PRESIDING OFFICER, CENTRAL GOVT. INDUSTRIAL TRIBUNAL-CUM-LABOUR COURT, JABALPUR (M.P.)

Case No. CGIT[LC(R)(37)]1985.

PARTIES:

Employers in relation to the management of Eklehra Colliery of Western Coalfields Ltd., P. O. Eklehra, District Chhindwara (M.P.) and their workmen represented through the M.P. Koyla Khadan Mazdoor Panchayat (HMS), P.O. Junnardeo, Distt. Chhindwara M.P.).

APPEARANCES:

For Union.—Shri G. N. Shah.

For Management.—S/Shri P. S. Nair, Advocate and S. M. Singh, Deputy Chief Personnel Manager.

INDUSTRY: Coal Mining DISTRICT: Chhindwara (M.P.)

AWARD

Dated : November 26, 1986.

In exercise of the powers conferred by Clause (d) of Sub-section (1) of Sub-section (2A) of Sec. 10 of the Industrial Disputes Act, 1947 (14 of 1947), the Central Government referred the following dispute for adjudication vide Notification No. L-22012(10)/84-D.V dated 13th May, 1985:—

"Whether the action of the management of WCL, Pench Area in relation to their Eklehra Colliery in not making Smt. Shyamabai, Shyambati, Jaiwantee, Battania, Suman, Meerabai, Sumaria & Kamla as permanent mason rejas in Cat. I of NCWA with other facilities and paying them only minimum rate of wages is justified? If not, to what relief they are entitled and from what date?"

2. In this case parties have filed their pleadings. Management has contended that an application for the same workers under Sec. 33-C(2) of the I.D. Act is pending before this Tribunal/Labour Court and during the pendency of the said dispute, another dispute could not have been referred by the Central Government. The employees in question are not working in mining industry. They are working in civil works of road repairing and building repairing. In that case I have held that the applicants cannot be treated persons employed in operation of services relating to the development of the mine or persons employed in a mine.

3. However, an application has been filed by the management along with a Memorandum of Settlement duly signed by Shri G. N. Shah and Shri Riaz Ahmad on behalf of the workmen and S/Shri S. M. Singh and C. L. Jaiswal on behalf of the management. Parties have requested to pass an award in terms of the settlement which are as under:—

TERMS OF SETTLEMENT

(1) In view of Clause (7) of Schedule Part I to Minimum Wages Act, 1948 and its mandatory provisions,

the union agrees to drop and forego the past claim for the period they were employed in civil nature jobs.

(2) The Management agrees on compassionate ground to provide employment to the dependants of S/Smt. Shyamawati and Jaiwanti bai as Piece rated loaders in Wani Area of WCL, subject to their medical fitness.

(3) Kumari Neeta Malviya d/o Smt. Shyamabai shall be employed in time rated job in Cat. I as per requirement in Pench Area subject to medical fitness, since she has educational qualifications of Matriculation.

(4) S/Smt. Kamla, Sumaria & Suman who have male dependants but are not willing to work at present shall persevere them to opt for employment as piece rated loader in Wani Area, subject to medical fitness and in the meantime they will continue employment in civil work on Minimum Wages for period of six months. In case their male dependants do not opt, the management will find out the Mining Cat. I Jobs for them within a period of six months and shall be provided employment subject to medical fitness on compassionate ground.

(5) S/Smt. Battaniyabai and Meerabai who have male dependants can be considered for mining job and the management agrees to explore the possibilities to find out the mining job of Cat. I wages within the period of six months and they shall also be provided employment subject to medical fitness on compassionate ground.

(6) The dependants so considered for employment as contained in para II will report for duty to the General Manager, Wani Area within a period of two months from the date of signing the settlement.

(7) The Union agrees to give up all other claims/claims and accept the above terms as full and final settlement of dispute and shall not claim any other benefit in respect of the matter in dispute.

(8) This settlement shall not be treated as a precedent in any other case.

4. Since the reference has been made under Sec. 10 of the ID Act, 1947 with respect to eight mason rejas viz. Smt. Shyamabai, Shyambati, Jaiwantee, Battania, Suman, Meerabai, Sumaria and Kamla and their dispute has been settled amicably between the management and the union, the terms of which appear to be fair, reasonable and in the interest of the workmen, I record my award in terms of settlement. No order as to costs.

मध्यस्थ की सहमति

मैंने प्रौद्योगिक विवाद अधिनियम, 1947 की धारा 10-क के अधीन
काम "ग" में 7-10-86 को हस्ताक्षर हुए करार की प्रतियों को दे-
लिया है जो कलकत्ता पतन न्यास से सम्बद्ध नियोजकों और उनके कर्म-
कारों के, जिनका प्रतिनिधित्व कलकत्ता पोर्ट श्रमिक यूनियन करती है,
बीच है, जिसमें पक्षकार उपर्युक्त विवाद को मेरे माध्यम के लिए
निर्देशित करने हेतु सहमत हो गए हैं।

मैं, उक्त करार के अनुसार, मध्यस्थ होने के लिए अपनी सहमति देता
हूँ।

ह./-

New Delhi, the 17th December, 1986

ORDER

S.O. 4293.—Whereas an industrial dispute exists between the employers in relation to the management of Calcutta Port Trust and their workmen represented by the Calcutta Port Shramik Union;

And whereas the said employers and their workmen have by written agreement under sub section (1) of section 10-A of the Industrial Disputes Act, 1947 (14 of 1947) agreed to refer the said dispute to arbitration and have forwarded to the Central Government a copy of the said arbitration agreement;

Now, therefore, in pursuance of sub section (3) of section 10-A of the said Act, the Central Government hereby publishes the said agreement.

AGREEMENT

(Under Section 10-A of the Industrial Disputes Act, 1947)

BETWEEN

Name of the parties :

Representing employers—(1) Capt. D. Sengupta, Deputy Director—I, Marine Department, Calcutta Port Trust.

(2) Shri R. K. Bose, Deputy Labour Adviser & Industrial Relations Officer, Calcutta Port Trust.

Representing Workmen: (1) Shri Parbati Das, General Secretary, Calcutta Port Shramik Union, 26, Dr. Sudhir Basu Road, Calcutta-700023.

(2) Shri Ranjit Bhowmik, Asst. General Secretary, Calcutta Port Shramik Union, 26, Dr. Sudhir Basu Road, Calcutta-700023.

It is hereby agreed between the parties to refer the following dispute to the Arbitration of Shri Ashoke Joshi, IAS, Chairman, Madras Port Trust, Rajaji Salai, Madras-600001.

(i) Specific matters in dispute :

1. Whether the claims of the Calcutta based crews attached to the Tugs namely "Ahalya", "Draupadi", "Kunti", "Tara" and "Mandodari" and deployed for work at Haldia Dock Complex;

(a) for payment of 25 per cent additional allowance as was paid to the Shore Crew and Launch crew who were also based in Calcutta and deployed for work at Haldia Dock Complex having 2 shifts in a day of 24 hrs. with effect from 1-1-77 or from the date of their actual deployment at Haldia whichever was later.

(b) for payment of above norm allowances, hardship allowance continuous and Estuary Dredging allowance as paid to the crews of the Calcutta Port Trust Vessels namely, Dredgers, Despatch and Pilot Vessels, etc. based in Calcutta and going out of Calcutta Port limit is justified ?

(ii) Details of the parties to the dispute including the name and address of establishment or undertaking involved.—The employer in relation to Calcutta Port Trust, 15, Strand Road, Calcutta-700001, and their workmen, viz., the crew attached to five Haldia

Tugs represented by Calcutta Port Shramik Union, 26, Dr. Sudhir Basu Road, Calcutta-700023.

(iii) Name of the workman in case he himself is involved in the dispute or the name of the Union, if any, representing the workmen or workman in question.—Calcutta Port Shramik Union, 26, Dr. Sudhir Basu Road, Calcutta-700023.

(iv) Total number of workmen employed in the undertaking affected.—20,000 approximately.

(v) Estimated number of workmen affected or likely to be effected by the dispute.—172 approximately.

The Arbitrator shall make its award within a period of two months or within such further time as is extended by mutual agreement between us in writing. In case the award is not made within the period aforementioned, the reference to arbitration shall stand automatically cancelled and we shall be free to negotiate for fresh arbitration.
